**The Black Book** May 16 2021 .Now in its sixth printing, this highly popular book on the great African-American Muslim illustrates the influence of his Islamic faith and his international experience upon his constantly expanding political vision. The first to present a comprehensive analysis that integrates the developing vision of the man, Malcolm X, with the man he became, El Hajj Malik El Shabazz, it provides an in-depth analysis of Malcolm's directives on why the African-American struggle for national liberation and self-determination is necessary, how it should be carried on, and why it can succeed. "The Islamic force tends to act against nationalism as introduced by western European development and socialism as introduced in the development of the USSR and China. It is both anti-nationalist and anti-materialistic. All aspects of societal life are viewed as an integral part of the whole, the din, the one God. Thus all aspects of life in the state must be theoretically harmonized so as to achieve spiritual peace, happiness and total submission to the will of one God. Both the governing elite and masses are theoretically equalized by rules and principles from outside of society (the Qur'an and Sunnah)..." from **The Black Book: The Political Philosophy of Malcolm X**

**Historic Cities of the Islamic World** Aug 19 2021 This book contains articles on historic cities of the Islamic world, ranging from West Africa to Malaysia, which over the centuries have been centres of culture and learning and of economic and commercial life, and which

have contributed much to the consolidation of Islam as a faith and as a social and political institution. The articles have been taken from the second edition of the Encyclopaedia of Islam, completed in 2004, but in many cases expanded and rewritten. All have been updated to include fresh historical information, with note of contemporary social developments and population statistics. The book thus delineates the urban background of Islam as it has evolved up to the present day, highlighting the role of such great cities as Cairo, Istanbul, Baghdad and Delhi in Islamic history, and also brings them together in a rich panorama illustrating one of mankind's greatest achievements, the living organism of the city.

Selections from Subh al-A'shā by al-Qalqashandī, Clerk of the Mamluk Court Mar 02 2020 Ṣubḥ al-A'shā by al-Qalqashandī is a manual for chancery clerks completed in 1412 and a vital source of information on Fatimid and Mamluk Egypt which, for the first time, has been translated into English. The text provides valuable insight into the Mamluk and earlier Muslim eras. The selections presented in this volume describe Cairo, Fustat and the Cairo Citadel and give a detailed picture of the Fatimid (AD 969–1172), Ayyubid (AD 1172-1250) and Mamluk (AD 1250–1412) court customs, rituals and protocols, and depict how the Mamluk Sultanate was ruled. It also contains a wealth of details covering the geography, history and state administration systems of medieval Egypt. An introduction preceding the translation contextualizes al-Qalqashandī's role and manuscript, as well as introducing the man himself, while detailed notes accompany the translation to explain and elaborate on the content of the material. The volume concludes with an extensive glossary of terms which forms a mini-encyclopaedia of the Fatimid and Mamluk periods. This translation will be a valuable resource for any student of medieval Islamic history.

The Autobiography of Malcolm X Jan 24 2022 REA's MAXnotes for Alex Haley's *\*The Autobiography of Malcolm X\** MAXnotes offer a fresh look at masterpieces of literature, presented in a lively and interesting fashion. Written by literary experts who currently teach the subject, MAXnotes will enhance your understanding and enjoyment of the work. MAXnotes are designed to stimulate independent thought about the literary work by raising various issues and thought-provoking ideas and questions. MAXnotes cover the essentials of what one should know about each work, including an overall summary, character lists, an explanation and discussion of the plot, the work's historical context, illustrations to convey the mood of the work, and a biography of the author. Each chapter is individually summarized and analyzed, and has study questions and answers. Amazon.com Review Malcolm X's searing memoir belongs on the small shelf of great

autobiographies. The reasons are many: the blistering honesty with which he recounts his transformation from a bitter, self-destructive petty criminal into an articulate political activist, the continued relevance of his militant analysis of white racism, and his emphasis on self-respect and self-help for African Americans. And there's the vividness with which he depicts black popular culture--try as he might to criticize those lindy hops at Boston's Roseland dance hall from the perspective of his Muslim faith, he can't help but make them sound pretty wonderful. These are but a few examples. The *Autobiography of Malcolm X* limns an archetypal journey from ignorance and despair to knowledge and spiritual awakening. When Malcolm tells coauthor Alex Haley, "People don't realize how a man's whole life can be changed by one book," he voices the central belief underpinning every attempt to set down a personal story as an example for others. Although many believe his ethic was directly opposed to Martin Luther King Jr.'s during the civil rights struggle of the '60s, the two were not so different. Malcolm may have displayed a most un-Christian distaste for loving his enemies, but he understood with King that love of God and love of self are the necessary first steps on the road to freedom. --Wendy Smith *Review Biography, published in 1965, of the American black militant religious leader and activist who was born Malcolm Little. Written by Alex Haley, who had conducted extensive audiotaped interviews with Malcolm X just before his assassination in 1965, the book gained renown as a classic work on black American experience. The *Autobiography* recounts the life of Malcolm X from his traumatic childhood plagued by racism to his years as a drug dealer and pimp, his conversion to the Black Muslim sect (Nation of Islam) while in prison for burglary, his subsequent years of militant activism, and the turn late in his life to more orthodox Islam.* --The Merriam-Webster Encyclopedia of Literature

*The History of al-Tabari Vol. 28* May 04 2020 The initial years (126-145) of al-Mansur's reign presented several significant challenges to nascent Abbasid hegemony, and the resulting confrontations constitute the central focus of this section of Tabari's *Tarikh*. After Abu Jafar succeeded his brother Abu al-Abbas as caliph, the second of the Abbasid dynasty, he moved against his recalcitrant uncle, Abdallah b. Ali, and against the potential threat that he perceived in the person of the commander in Khurasan, Abu Muslim. Eliminating the latter and containing the former freed the caliph to address a series of other onslaughts and insurrections. Starting with the year 144, however, Tabari turned to this volume's principal preoccupation, to which half of the book is devoted.

Judging by the attention given to it, he clearly perceived the Hasanid rebellions of Muhammad b. Abdallah (the Pure Soul) and of his brother Ibrahim to be the most substantial attack on Abbasid authority to arise in the first years of that dynasty. Tabari's description of the prolonged search for Muhammad and Ibrahim and of the caliphal vengeance visited upon their father and family provides an extended prelude to the vivid battle and death scenes in Medina and Bakhamra. Yet, elaboration of these events does not eclipse mention of all other Abbasid activity. To bridge the account of Muhammad's defeat and that of Ibrahim's uprising, Tabari inserted a narrative interlude depicting the site selection and preliminary construction of al-Mansur's most celebrated achievement, the City of Peace, Baghdad.

*The Hajj Mar 26 2022 "The narrative is fast paced, bursting with action, and obviously based on an intimate grasp of the region, its peoples, their tradition and age-old ways of life."—John Barkham Reviews Leon Uris returns to the land of his acclaimed best-seller Exodus for an epic story of hate and love, vengeance and forgiveness and forgiveness. The Middle East is the powerful setting for this sweeping tale of a land where revenge is sacred and hatred noble. Where an Arab ruler tries to save his people from destruction but cannot save them from themselves. When violence spreads like a plague across the lands of Palestine—this is the time of The Hajj.*

*Colonial al-Andalus Feb 10 2021 Through state-backed Catholicism, monolingualism, militarism, and dictatorship, Spain's fascists earned their reputation for intolerance. It may therefore come as a surprise that 80,000 Moroccans fought at General Franco's side in the 1930s. What brought these strange bedfellows together, Eric Calderwood argues, was a highly effective propaganda weapon: the legacy of medieval Muslim Iberia, known as al-Andalus. This legacy served to justify Spain's colonization of Morocco and also to define the Moroccan national culture that supplanted colonial rule. Writers of many political stripes have celebrated convivencia, the fabled "coexistence" of Christians, Muslims, and Jews in medieval Iberia. According to this widely-held view, modern Spain and Morocco are joined through their shared Andalusian past. Colonial al-Andalus traces this supposedly timeless narrative to the mid-1800s, when Spanish politicians and intellectuals first used it to press for Morocco's colonization. Franco later harnessed convivencia to the benefit of Spain's colonial program in Morocco. This shift precipitated an eloquent historical irony. As Moroccans embraced the Spanish insistence on Morocco's Andalusian heritage, a Spanish idea about Morocco gradually became a Moroccan idea about Morocco. Drawing on a rich archive of Spanish, Arabic, French, and Catalan sources—including literature, historiography, journalism, political speeches, schoolbooks, tourist brochures, and visual arts—Calderwood reconstructs the varied political career of convivencia and al-Andalus, showing how shared pasts become raw material for divergent contemporary ideologies, including Spanish fascism and Moroccan nationalism. Colonial al-Andalus exposes the limits of simplistic oppositions between European and Arab, Christian and Muslim, that shape current debates about European colonialism.*

*The Hajj Jun 04 2020 Every year hundreds of thousands of pilgrims from all over the world converge on Mecca and its precincts to perform the rituals associated with the Hajj and have been doing so since the seventh century. In this volume, scholars from a range of*

fields - including history, religion, anthropology, and literature - together tell the story of the Hajj and explain its significance as one of the key events in the Muslim religious calendar. By outlining the parameters of the Hajj from its beginnings to the present day, the contributors have produced a global study that takes in the vast geographies of belief in the world of Islam. This volume pays attention to the diverse aspects of the Hajj, as lived every year by hundreds of millions of Muslims, touching on its rituals, its regional forms, the role of gender, its representation in art, and its organization on a global scale.

Fridays of Rage Jul 26 2019 Fridays of Rage reveals Al Jazeera's surprising rise to that most respected of all Western media positions: the watchdog of democracy. Al Jazeera served as the nursery for the Arab world's democratic revolutions, promoting Friday as a "day of rage" and popular protest. This book gives readers a glimpse into how Al Jazeera has strategically cast its journalists as martyrs in the struggle for Arab freedom while promoting itself as the mouthpiece and advocate of the Arab public. In addition to heralding a new era of Arab democracy, Al Jazeera has become a major influence over Arab perceptions of American involvement in the Arab World, the Arab-Israeli conflict, the rise of global Islamic fundamentalism, and the expansion of the political far right. Al Jazeera's blueprint for "Muslim-democracy" was part of a vision announced by the network during its earliest broadcasts. The network embarked upon a mission to reconstruct the Arab mindset and psyche. Al Jazeera introduced exiled Islamist leaders to the larger Arab public while also providing Muslim feminists a platform. The inclusion and consideration of Westerners, Israelis, Hamas, secularists and others earned the network a reputation for pluralism and inclusiveness. Al Jazeera presented a mirror to an Arab world afraid to examine itself and its democratic deficiencies. But rather than assuming that Al Jazeera is a monolithic force for positive transformation in Arab society, Fridays of Rage examines the

**potentially dark implications of Al Jazeera's radical re-conceptualization of media as a strategic tool or weapon. As a powerful and rapidly evolving source of global influence, Al Jazeera embodies many paradoxes--the manifestations and effects of which we are likely only now becoming apparent. Fridays of Rage guides readers through this murky territory, where journalists are martyrs, words are weapons, and facts are bullets.**

**Seek the Peace of Jerusalem Feb 22 2022 Over the last seven decades, since the formation of the State of Israel, there has been no shortage of Jews and Arabs desiring peace in Israel-Palestine (the Holy Land). Most peacemaking attempts failed because the parties did not see peace as a win-win deal. The prevailing mantra in this conflict is win-lose or no deal. Today, the Palestinians are not willing to make a deal with the Israeli Jews because they perceive that a deal with the Israeli Jews means the Palestinians will lose. Also, the Israelis are not willing to make a deal with the Palestinian Arabs because they perceive that a deal with the Palestinian Arabs means the Israelis will lose. There are also other geopolitical factors affecting this conflict. This conflict is gradually shifting toward a battle fueled by people relying on religious texts to prolong the struggle.**
