Genghis Khan and the Making of the Modern World Mar 04 2020 NEW YORK TIMES BESTSELLER • The startling true history of how one extraordinary man from a remote corner of the world created an empire that led the world into the modern age—by the author featured in *Echoes of the Empire: Beyond Genghis Khan*. The Mongol army led by Genghis Khan subjugated more lands and people in twenty-five years than the Romans did in four hundred. In nearly every country the Mongols conquered, they brought an unprecedented rise in cultural communication, expanded trade, and a blossoming of civilization. Vastly more progressive than his European or Asian counterparts, Genghis Khan abolished torture, granted universal religious freedom, and smashed feudal systems of aristocratic privilege. From the story of his rise through the tribal culture to the explosion of civilization that the Mongol Empire unleashed, this brilliant work of revisionist history is nothing less than the epic story of how the modern world was made.

Mastering Modern World History May 18 2021 This new edition of the best-selling coursebook is ideal for GCSE and other first examinations in history. It meets the requirements of the revised, post-Dearing Modern World History courses. * The third edition contains new material in all chapters and contains an even wider range of maps and illustrations * Coverage has been brought right up to date, and includes sections on recent important developments in world history, such as the collapse of communism in Eastern Europe and the civil wars in Rwanda and Yugoslavia * Questions have been rewritten, with lots of new source material, to bring them into line with the most recent GCSE papers

Beyond Eurocentrism May 06 2020 Eurocentrism influences virtually all established historical writing. With the rise of Prussia and, by extension, Europe, eurocentrism became the dominant paradigm for world history. Employing the approaches of Gramsci and Foucault, Peter Gran proposes a reconceptualization of world history. He challenges the traditional convention of relying on totalitarian or democratic functions of a particular state to explain and understand relationships of authority and resistance in a number of national contexts. Gran maintains that there is no single developmental model but diverse forms of hegemony that emerged out of the political crisis following the penetration of capitalism into each nation. In making comparisons between seemingly disparate and distinctive nations and by questioning established canons of comparative inquiry, Gran encourages people to recognize the similarities between the West and non-West nations.

A History of the Jews in the Modern World Oct 30 2019 The distinguished historian of the Jewish people, Howard M. Sachar, gives us a comprehensive and enthralling chronicle of the achievements and traumas of the Jews over the last four hundred years. Tracking their fate from Western Europe's age of mercantilism in the seventeenth century to the post-Soviet and post-imperialist Islamic upheavals of the twenty-first century, Sachar applies his renowned narrative skill to the central role of the Jews in many of the most impressive achievements of modern civilization: whether in the rise of economic capitalism or of political socialism; in the discoveries of theoretical physics or applied medicine; in "higher" literary criticism or mass communication and popular entertainment. As his account unfolds and moves from epoch to epoch, from continent to continent, from Europe to the Americas and the Middle East, Sachar evaluates communities that, until lately, have been underestimated in the perspective of Jewish and world history—among them, Jews of Sephardic provenance, of the Moslem regions, and of Africa. By the same token, Sachar applies a master's hand in describing and deciphering the Jews' unique exposure and functional usefulness to totalitarian movements—fascist, Nazi, and Stalinist. In the process, he shines an unsparing light on the often widely dissimilar behavior of separate European peoples, and on separate Jewish populations, during the Holocaust. A distillation of the author's lifetime of scholarly research and teaching experience, *A History of the Jews in the Modern World* provides a source of unsurpassed intellectual richness for university students and educated laypersons alike.

A Concise History of the Modern World Dec 13 2020 This book investigates the major changes in world history and world economy during the past five hundred years and explains to what extent world forces have been responsible for shaping both past and present. Its underlying theme is the struggle for power in which, since the sixteenth century, the West has prevailed. Many of the problems of the contemporary world - including

terrorism - are the legacy of the period of Western domination. Until the rise of the West, and its incomparable impact on every branch of human activity, the centre of the world has been in Asia. By the nineteenth century world power was firmly in the hands of the West. America's later rise to world status was prompted by the two world wars. The most prominent of the Western nations, the US is now blamed for all the excesses of an earlier colonial age.

Watergate Jul 20 2021 This intriguing volume explores the historical and cultural events leading up to and following the Watergate scandal, from the 1972 break-in through Nixon's resignation. The text addresses several issues surrounding Watergate, such as controversies related to the presidential impeachment, the media's role in both exposing the scandal and impacting the aftermath, and problems with the idea of presidential privilege. Personal narratives from people impacted by Watergate, including remembrances by Julie Nixon Eisenhower and John Dean, are also featured.

Imperialism in the Modern World Apr 28 2022 Imperialism in the Modern World combines narrative, primary and secondary sources, and visual documents to examine global relations in the nineteenth and twentieth centuries. The three co-editors, Professors Bowman, Chiteji, and Greene, have taught for many years global history classes in a variety of institutions. They wrote Imperialism in the Modern World to solve the problem of allowing teachers to combine primary and secondary texts easily and systematically to follow major themes in global history (some readers use primary materials exclusively. Some focus on secondary arguments). This book is more focused than other readers on the markets for those teachers who are offering more specialized world history courses - one important trend in global history is away from simply trying to cover everything to teaching real connections in more chronologically and thematically focused courses. The reader also provides a genuine diversity of global perspectives and invites students to study seriously world history from a critical framework. Too many readers offer a smorgasbord approach to world history that leaves students dazed and confused. This reader avoids that approach and will therefore solve many problems that teachers have in constructing and teaching world history courses at the introductory or upper-division levels. The reader will allow show students how to read historical documents through a hands-on demonstration in the introduction. The book also incorporates images as visual documents. Finally, the book conceives of global history in the widest possible terms; it contains pieces on political, diplomatic, economic, and military history, to be sure, but it also has selections on technology, medicine, women, the environment, social changes, and cultural patterns. Other readers can not match this text's breadth because they are chronologically and thematically so extended.

Conversations of Modern World History: 50 Voices from 1400 to the Present Mar 28 2022 Featuring fifty primary source documents introduced within an historical narrative, *Conversations of Modern World History: 50 Voices from 1400 to the Present* offers readers an overview of the last six hundred years of the human experience. From the Chinese Ming dynasty to the emerging Russian Federation, students learn stories and perspectives of the past as told by those who lived them. Both a textbook and a source reader, *Conversations of Modern World History* provides the historical and biographical contexts needed to understand and thoughtfully react to the conversation of history. A diverse group of men and women offer their perspective of various moments in history through their speeches, political statements, books, and journals. Each annotated document naturally leads to the next, helping readers understand that historical events were interconnected and that current discussions have roots going back hundreds of years. *Conversations of Modern World History* combines the best of general narrative textbooks, short biographies, and primary source readers to help students see the interconnectedness of humanity past and present. It is an ideal text for world history survey courses from the 1400s onward. Zachary Wingerd earned his Ph.D. in transatlantic history from the University of Texas, Arlington. He taught at Lon Morris College and the University of Texas, Tyler before joining the faculty at Baylor University. Dr. Wingerd has taught courses in world, American, Atlantic, Texas, and Latin American history, as well as historiography.

The Birth of the Modern World, 1780-1914 Aug 28 2019 This book is a thematic history of the world from 1780, the pivotal year of the revolutionary age, to the outbreak of the First World War in 1914. It brings together historical data and arguments from different societies in order to show how interconnected the world was, even before the onset of modern globalization. "The Birth of the Modern World, 1780-1914 demonstrates how events in Asia, Africa, and South America, from the decline of the eighteenth-century Islamic empires to the anti-European Boxer rebellion of 1900 in China, had a direct impact on European and

American history. Conversely, it sketches the "ripple effects" of crises such as the European revolutions and the American Civil War. The book also considers the great themes of the nineteenth-century world: the rise of the modern state, industrialization, liberalism, and the progress of world religions. Engaging and original, this book both challenges and complements the dominant regional and national approaches traditionally adopted by historians.

Cross-Cultural Encounters in Modern World History Sep 21 2021 Cross-Cultural Encounters in Modern World History explores cultural contact as an agent of change. It takes an encounters approach to world history since 1500, rather than a political one, to reveal different perspectives and experiences as well as key patterns and transformations. It studies the spaces between cultures historically to help us transcend human differences today in a rapidly globalizing world. The text focuses on first encounters that suggest long-term developments and particularly significant encounters that have changed the direction of world history. Because of the complexities of these encounters, the author takes a user-friendly approach to keep the text accessible to students with varying backgrounds in history.

A Concise History of the Modern World Nov 23 2021 In an ever-shrinking world, the need for a global perspective in dealing with the modern world has become acute. This book attempts to provide such a perspective by investigating the major changes in geopolitics and world economy during the past 500 years. However compact, it enables us to understand the present unravelling of Communism and the growing challenge from Asia to Western Superiority. It is shown that in so many ways the problems of the contemporary world spring from the unprecedented era of western domination, which the non-western world is now trying to unlive.
