ALTERNATIVE MEDICINE (CAM) IN THE WORLD Feb 02 2020 For some time now, the professional and general public in the Czech Republic have been receiving incomplete and often biased information on complementary and alternative medicine (CAM). Leading European and world authorities - the World Health Organization (WHO), the Council of Europe, European research CAMbrella funded by the European Commission, European network EUROCAM, are all entirely in favour of CAM, and without exception recommend CAM research and integration into the routine care. The contradiction between 'here and there' is literally explosive. The 'world' is entirely elsewhere. Respective details are given in the information publication 'Alternative Medicine (CAM) in the World', published by the Professional Chamber Sanator - the Union of Biotronicists of Josef Zezulka. Our Professional Chamber has recently become a member of ANME - Association for Natural Medicine in Europe, EUAA - European Ayurveda Association and joined the European Commission's EU Health Policy Platform. We hope that our activities will contribute to the education of the professional public in the realm of CAM.
