Yeah, reviewing a book History Guide French Revolution could mount up your close friends listings. This is just one of the solutions for you to be successful. As understood, carrying out does not recommend that you have fantastic points.

Comprehending as with ease as covenant even more than further will offer each success. next to, the revelation as well as sharpness of this History Guide French Revolution can be taken as competently as picked to act.

The Terror of Natural Right Sep 07 2020 "Natural right - the idea that there is a collection of laws and rights based not on custom or belief but that are "natural" in origin - is typically associated with liberal politics and freedom. But during the French Revolution, this tradition was interpreted to justify the most repressive actions of the violent period known as the Terror." "In The Terror of Natural Right, Dan Edelstein argues that the revolutionaries used the natural right concept of the "enemy of the human race" - an individual who has transgressed the laws of nature and must be executed without judicial formalities - to authorize three-quarters of the deaths during the Terror. But the significance of the natural right did not end with its legal application. Edelstein argues that the Jacobins shared a political philosophy that he calls "natural republicanism," which assumed the natural state of society was a republic and that natural right provided its only acceptable laws. Ultimately, he argues that what we call the Terror was in fact only one facet of the republican theory that prevailed from Louis's trial until the fall of Robespierre." "A work of historical analysis, political theory, literary criticism, and intellectual history, The Terror of Natural Right challenges prevailing assumptions of the Terror to offer a new perspective on the Revolutionary period."--BOOK JACKET.

An Historical and Moral View of the Origin and Progress of the French Revolution May 16 2021 In addition to her works on feminist thought and the education of women, Wollstonecraft also wrote historical texts such as this work dedicated to the French Revolution and its effects throughout Europe.

Vive la Revolution Apr 26 2022 For most of us, the French Revolution has been reduced to jokes about Marie-Antoinette, guillotines and the Scarlet Pimpernel. But for Mark Steel, bestselling author of REASONS TO BE CHEERFUL, the French Revolution was one of the most inspirational moments in human history - a moment when ordinary people changed the world and became extraordinary. It deserves better jokes than that. In this revolutionary new book, Steel banishes stuffiness from history, telling us what happened in France between the storming of the Bastille and the rise of Napoleon, bringing to life the people who made them happen. His account is dominated by bizarre events and splendid characters, from the famously odd Robespierre, Danton and Thomas Paine, to the less well known Drouet, the local postman who arrested the fleeing King because he recognised him as the man off of the money. VIVE LA REVOLUTION is an uproariously serious work of history - brilliantly funny and insightful, it puts the peculiarity of individual people back at the centre of the story.

The French Revolution Dec 23 2021 The economic history of revolutionary France is still a neglected area in studies of the Revolution of 1789. Whilst some attention has been given to the condition of the peasants, the urban working classes and the financial crisis of the Ancien Régime, there has been a general tendency to regard economic factors as external and somewhat peripheral to the truly political nature of the Revolution. This book is designed to redress the balance, providing a clear, accessible, and thought-provoking guide to the economic background to the French Revolution. Professor Aftalion analyses the policies followed by successive revolutionary assemblies, examining in detail taxation, the confiscation of church property, the assignats, and the siege economy of the Terror. He shows how decisions taken in 1789 by the Constituent Assembly inevitably led to a deepening financial and economic crisis, and to increasingly radical and disastrous policies. The study is important also for its exposure of many of the economic fallacies propounded both at the time by many Frenchmen and later by many modern historians.

The French Revolution Jan 24 2022 The French Revolution was one of the greatest events in world history, filled with remarkable characters and dramatic events. From its beginning in 1789 to the Reign of Terror in 1793 – 94, and through the ups and downs of the Directory era that followed, the Revolution showed humanity at its optimistic best and its violent worst; it transformed the lives of all who experienced it. The French Revolution: Faith, Desire, and Politics offers a fresh treatment of this perennially popular and hugely significant topic, introducing a bold interpretation of the Revolution that highlights the key role that religion and sexuality played in determining the shape of the Revolution. These were issues that occupied the minds and helped shape the actions of women and men; from the pornographic pamphlets about queen Marie-Antoinette to the puritanical morality of revolutionary leader Maximilien Robespierre, from the revolutionary catechisms that children learned and to the anathemas hurled on the Revolution from clandestine priests in the countryside. The people who lived through the French Revolution were surrounded by messages about gender, sex, religion and faith, concerns which did not exist outside of the events of the Revolution. This book is an essential resource for students of the French Revolution, History of Catholicism and Women and Gender.

The French Revolution Aug 07 2020 Now in its second edition, The French Revolution: Faith, Desire, and Politics has been updated to include a discussion about how the actions by soldiers and citizen-soldiers shaped the course of the Revolution, as well as the daily lives and concerns of everyday French people. Throughout the study, Shusterman highlights the crucial role that religion and sexuality played in determining the shape of the Revolution and examines key themes such as: the impact of the crown's war debts on the fall of the Old Regime, the organisation of citizen militias in 1789, and their eventual transformation into France's National Guard. This edition has been revised to include a fresh analysis of classic nineteenth-century accounts of the Revolution, including those by Jules Michelet, Jean Jaurès, and Edgar Quinet. It also explores the lives of the people who lived through the French Revolution and uncovers the messages about gender, sex, religion, and faith which surrounded them, concerns which did not exist outside of the events of the Revolution. With a brief chronology of the Revolution and a guide to further reading, this book is an invaluable resource for students of the French Revolution, women and gender, and the history of Catholicism.

Rewriting the French Revolution Jul 26 2019 Exploring the historical controversy over the meaning of the French Revolution, eight of the most distinguished scholars in the field--Francois Furet, Norman Hampson, Colin Jones, Louis Bergeron, Michel Vovelle, Alan Forrest, and T.C.W. Blanning-- present new interpretations of its major themes, focusing on the areas of intellectual, political, religious, and social development. Two hundred years after the event, this book is a major statement of current thinking on the Revolution which will stimulate all historians of the French Revolution.

Madame Tussaud Jun 04 2020 The world knows Madame Tussaud as a wax artist extraordinaire . . . but who was this woman who became one of the most famous sculptresses of all time? In these pages, her tumultuous and amazing story comes to life as only Michelle Moran can tell it. The year is 1788, and a revolution is about to begin. Smart and ambitious, Marie Tussaud has learned the secrets of wax sculpting by working alongside her uncle in their celebrated wax museum, the Salon de Cire. From her popular model of the American ambassador, Thomas Jefferson, to her tableau of the royal family at dinner, Marie's museum provides Parisians with the very latest news on fashion, gossip, and even politics. Her customers hail from every walk of life, yet her greatest dream is to attract the attention of Marie Antoinette and Louis XVI; their stamp of approval on her work could catapult her and her museum to the fame and riches she desires. After months of anticipation, Marie learns that the royal family is willing to come and see their likenesses. When they finally arrive, the king's sister is so impressed that she requests Marie's presence at Versailles as a royal tutor in wax sculpting. It is a request Marie knows she cannot refuse—even if it means time away from her beloved Salon and her increasingly dear friend, Henri Charles. As Marie gets to know her pupil, Princesse Élisabeth, she also becomes acquainted with the king and queen, who introduce her to the glamorous life at court. From lavish parties with more delicacies than she's ever seen to rooms filled with candles lit only once before being discarded, Marie steps into a world entirely different from her home on the Boulevard du Temple, where people are selling their teeth in order to put food on the table. Meanwhile, many resent the vast separation between rich and poor. In salons and cafés across Paris, people like Camille Desmoulins, Jean-Paul Marat, and Maximilien Robespierre are lashing out against the monarchy. Soon, there's whispered talk of revolution. . . . Will Marie be able to hold on to both the love of her life and her friendship with the royal family as France approaches civil war? And more important, will she be able to fulfill the demands of powerful revolutionaries who ask that she make the death masks of beheaded aristocrats, some of whom she knows? Spanning five years, from the budding revolution to the Reign of Terror, Madame Tussaud brings us into the world of an incredible heroine whose talent for wax modeling saved her life and preserved the faces of a vanished kingdom.

Liberty or Death Aug 26 2019 A striking account of the impact of the French Revolution in Paris, across the French countryside, and around the globe The French Revolution has

fascinated, perplexed, and inspired for more than two centuries. It was a seismic event that radically transformed France and launched shock waves across the world. In this provocative new history, Peter McPhee draws on a lifetime's study of eighteenth-century France and Europe to create an entirely fresh account of the world's first great modern revolution—its origins, drama, complexity, and significance. Was the Revolution a major turning point in French—even world—history, or was it instead a protracted period of violent upheaval and warfare that wrecked millions of lives? McPhee evaluates the Revolution within a genuinely global context: Europe, the Atlantic region, and even farther. He acknowledges the key revolutionary events that unfolded in Paris, yet also uncovers the varying experiences of French citizens outside the gates of the city: the provincial men and women whose daily lives were altered—or not—by developments in the capital. Enhanced with evocative stories of those who struggled to cope in unpredictable times, McPhee's deeply researched book investigates the changing personal, social, and cultural world of the eighteenth century. His startling conclusions redefine and illuminate both the experience and the legacy of France's transformative age of revolution. "McPhee...skillfully and with consummate clarity recounts one of the most complex events in modern history.... [This] extraordinary work is destined to be the standard account of the French Revolution for years to come." —Publishers Weekly (starred review)

The French Revolution: A Very Short Introduction Mar 14 2021 Beginning with a discussion of familiar images of the French Revolution, this work looks at how the ancien régime became ancien as well as examining cases in which achievement failed to match ambition.

French Revolution: A Captivating Guide to the French Revolution, the Life of Marie Antoinette and the Impact Made by Napoleon Bonaparte May 28 2022 If you want to discover captivating stories of people and events of the French Revolution, then keep reading... Two captivating manuscripts in one book: The French Revolution: A Captivating Guide to the Ten-Year Revolution in France and the Impact Made by Napoleon Bonaparte Marie Antoinette: A Captivating Guide to the Last Queen of France Before and During the French Revolution, Including Her Relationship with King Louis XVI Few historical events are as greatly revered and entirely misunderstood as the French Revolution that began in 1789. The memory of this complicated and lengthy political, violent uprising has been generally painted in broad--and oversimplified--strokes. While the French Revolution was certainly centered around two lavish monarchs and an enlightened common class, there was so much more going on behind the scenes. Even after the abolition of the French monarchy, France struggled to find a balance between public self-governance and European stability. A fragile government, merely a shell of its former self following the Reign of Terror under Robespierre, was no match for the military and political prowess of Napoleon I. Some of the topics covered in part 1 of this book include: A Brief History of the French Monarchy Philosophies of the Times France in the 18th Century Marie Antoinette, Madame Deficit Taxes, Famine, and the Enlightenment Sieyès' "What is the Third Estate?" The National Assembly Death of the Dauphin Bastille Day The First Mayor of Paris Declaration of the Rights of Man...and The Women's March France at War The Flight to Varennes Storming the Tuileries The Monarchy is Outlawed The Fate of the Colonies The Louisiana Purchase The Reign of Terror The New French Calendar Emperor Napoleon Bonaparte In the Days and Years Afterward And much, much more! Some of the topics covered in part 2 of this book include: An Archduchess is Born Maria Antonia Becomes Marie Antoinette The Dauphine Queen at Nineteen A Marriage at Odds with Itself The Issue of Heirs Madame Deficit Count Axel von Fersen The Lost Children The Diamond Necklace Scandal Queen of Fashion The French Revolution The October Chapter Anxious Days at the Tuileries An Attempt to Flee Death of the Monarchy And much more! So if you want to learn more about the French Revolution, click the "add to cart" button!

French Revolution Nov 02 2022 While the French Revolution was certainly centered around two lavish monarchs and an enlightened common class, there was so much more going on behind the scenes. Even after the abolition of the French monarchy, France struggled to find a balance between public self-governance and European stability.

The French Revolution Jul 30 2022 Explore the Captivating History of the French Revolution Few historical events are as greatly revered and entirely misunderstood as the French Revolution that began in 1789. The memory of this complicated and lengthy political, violent uprising has been generally painted in broad-and oversimplified-strokes. While the French Revolution was certainly centered around two lavish monarchs and an enlightened common class, there was so much more going on behind the scenes. Even after the abolition of the French monarchy, France struggled to find a balance between public self-governance and European stability. A fragile government, merely a shell of its former self following the Reign of Terror under Robespierre, was no match for the military and political prowess of Napoleon I. The Complete Idiot's Guide to European History Jul 18 2021 Presents a history of the European nations, from the time of their emergence from the Middle Ages in the thirteenth century and the Renaissance to the French Revolution, the period of industrialization, and the wars of the twentieth century.

Modern France Feb 10 2021 The French Revolution, politics and the modern nation -- French and the civilizing mission -- Paris and magnetic appeal -- France stirs up the melting pot -- France hurtles into the future.

Britain in the Age of the French Revolution Jul 06 2020 This new survey looks at the impact in Britain of the French Revolution and the Napoleonic aftermath, across all levels of British society. Jennifer Mori provides a clear and accessible guide to the ideas and intellectual debates the revolution stimulated, as well as popular political movements including radicalism.

A Socialist History of the French Revolution Mar 02 2020 The classic history of the French Revolution by the assassinated socialist leader, Jean Jaurès

Welsh Responses to the French Revolution Dec 11 2020 The serial literature current in Wales between 1789 and 1802 is the most important public repository of radical, loyalist and patriotic Welsh responses to the French Revolution and the Revolutionary Wars. This anthology presents a selection of poetry and prose published in the annual Welsh almanacs, the English provincial newspapers published close to Wales's border and the three radical Welsh periodicals of the mid-1790s, together with translations of the Welsh texts. An extended introduction sketches out the printing culture of Wales, analyses its public discourse and interprets the Welsh voices in their British political context.

The Essential Guide to Western Civilization Oct 09 2020 The Essential Guide to Western Civilization offers a concise overview of European history developed to suit the undergraduate Western Civilization curriculum. Author Nicholas L. Waddy provides an accessible account of major developments in European history in a flexible format. The book will serve as a core text for instructors wishing to build a syllabus including primary sources, articles, and visual materials of their own choosing. Discussion questions and a list of key terms at the end of each chapter will help to guide conversation and assist students in navigating the Western Civilization survey.

Gale Researcher Guide for: Early Socialism Sep 27 2019 Gale Researcher Guide for: Early Socialism is selected from Gale's academic platform Gale Researcher. These study guides provide peer-reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research.

The French Revolution Mar 26 2022 Handy introduction to one of the most significant and studied events in world history Blending narrative with analysis, Peter Davies explores a time of obscene opulence, mass starvation, and ground-breaking ideals; where the streets of Paris ran red with blood, and the numbers requiring execution precipitated the invention of the guillotine. Davies brings the subject up to date by considering the legacy of the revolution and how it continues to resonate in today's France.

The French Revolution Oct 28 2019 On 14 July 1789 thousands of Parisians seized the Bastille fortress in Paris. This was the most famous episode of the Revolution of 1789, when huge numbers of French people across the kingdom successfully rebelled against absolute monarchy and the privileges of the nobility. But the subsequent struggle over what social and political system should replace the 'Old Régime' was to divide French people and finally the whole of Europe. The French Revolution is one of the great turning-points in history. It continues to fascinate us, to inspire us, at times to horrify us. Never before had the people of a large and populous country sought to remake their society on the basis of the principles of liberty and equality. The drama, success and tragedy of their project have attracted students to it for more than two centuries. Its importance and fascination for us are undiminished as we try to understand revolutions in our own times. There are three key questions the book investigates. First, why was there a revolution in 1789? Second, why did the revolution continue after 1789, culminating in civil war, foreign invasion and terror? Third, what was the significance of the revolution? Was the French Revolution a major turning-point in French, even world history, or instead just a protracted period of violent upheaval and warfare which wrecked millions of lives? This new edition of The French Revolution contains revised text and new photographs. This edition includes video footage of Peter McPhee's interviews with Professor Ian Germani, University of Regina, Saskatchewan, Canada, on the role of military discipline in the French Revolutionary Wars; Dr Marisa Linton, Kingston University in London, about her book, Choosing Terror: Virtue, Friendship and Authenticity in the French Revolution, a major study of the politics of Jacobinism; and Professor Timothy Tackett, University of California, Irvine, on the origins of terror in the French Revolution.

The French Revolution Aug 19 2021 presented alongside those of sans-culottes; the histories of women, peasants, and the free blacks and slaves of Saint Domingue are represented, as are the testimonies of revolutionaries and counter-revolutionaries alike. Documents range from political pamphlets, decrees by legislative bodies, and police reports to popular petitions from the countryside and popular literature from the period. Short narrative histories ... provid[e] students with a context in which to evaluate the documents. [This book is

J'aime New York, 2nd Edition Sep 19 2021 A guide to the important but half-forgotten chapters of New York State's French history. Raquette Lake, Ausable River, Lake Bonaparte—despite the number of French place names scattered across the state, New York's rich and compelling French history has received less attention over the years than its English and Dutch heritage. Aiming to correct this imbalance, J'aime New York, 2nd Edition offers information on the French who have explored, settled, and visited New York State, revealing the unique characteristics of the French presence in each of the state's seven major regions: Capital District, Lower Hudson, Metropolitan, North Country, Thousand Islands, Central, and Western. Readers of this bilingual guide will discover that New York's French connections link it to Europe, Canada, and even the Caribbean, and the facing French text will enable all students of French to check and increase their grasp of the language and vocabulary. Students and teachers will find that discovering the hidden aspects of local and regional history make learning much more meaningful, and this engagement with local history may inspire further research, since the final chapters of the French influence in New York have yet to be written. Eloise A. Brière is Associate Professor of French and Francophone Studies at the University at Albany – SUNY. Her books include Rendez-Vous: La France et la

Francophonie and Le roman camerounais et ses discours.

The Destruction of Art Apr 02 2020 Last winter, a man tried to break Marcel Duchamp's Fountain sculpture. The sculpted foot of Michelangelo's David was damaged in 1991 by a purportedly mentally ill artist. With each incident, intellectuals must confront the unsettling dynamic between destruction and art. Renowned art historian Dario Gamboni is the first to tackle this weighty issue in depth, exploring specters of censorship, iconoclasm, and vandalism that surround such acts. Gamboni uncovers here a disquieting phenomenon that still thrives today worldwide. As he demonstrates through analyses of incidents occurring in nineteenth- and twentieth-century America and Europe, a complex relationship exists among the evolution of modern art, destruction of artworks, and the long history of iconoclasm. From the controversial removal of Richard Serra's Tilted Arc from New York City's Federal Plaza to suffragette protests at London's National Gallery, Gamboni probes the concept of artist's rights, the power of political protest and how iconoclasm sheds light on society's relationship to art and material culture. Compelling and thought-provoking, The Destruction of Art forces us to rethink the ways that we interact with art and react to its power to shock or subdue.

Revolutions and Revolutionists Jun 24 2019

The French Revolution and What Went Wrong Jun 28 2022 An entertaining and eye-opening look at the French Revolution, by Stephen Clarke, author of 1000 Years of Annoying the French and A Year in the Merde. The French Revolution and What Went Wrong looks back at the French Revolution and how it's surrounded in a myth. In 1789, almost no one in France wanted to oust the king, let alone guillotine him. But things quickly escalated until there was no turning back. The French Revolution and What Went Wrong looks at what went wrong and why France would be better off if they had kept their monarchy.

Curiosities of Paris: An idiosyncratic guide to overlooked delights... hidden in plain sight Apr 14 2021 Francophiles and Paris buffs will find something new and fascinating in this timeless guidebook, filled with sites, passageways, hotels, shops, and more. What if—walking around Paris—instead of seeing only the Paris of 2017, you glimpsed Paris in Revolutionary times? Or Paris when it was home to 80,000 horses; or Paris lit by gaslight; or medieval Paris? What if—walking down a block in Paris—you recognized the signs, mosaics, pieces of hardware, and architectural details as relics of many centuries that have stories to tell of past eras? This is what Curiosities of Paris reveals. Each of the book's 800 photos of unique locations and architectural oddities—as well as utilitarian objects whose functions have long been obscured with the passage of time—discloses a previously unnoticed city. Even those who know Paris well might never have registered the thousands of details on every street that testify to the enduring presence of the past: the solar cannon at Invalides, street signs with the word "saint" and all fleur-de-lys removed; the unique features of Parisian street lighting. You'll never look at an elm tree the same way again. And, with Curiosities of Paris as your guide, you'll feel very in-the-know as you walk down the Champs-Élysées past all the auto dealerships. Organized by subject—including fountains and wells; centuries-old shop signs; vestiges of wars and ancient Egypt; hotels of legend; remarkable trees; sundials and meridians; equestrian Paris; romantic ruins; unusual tombs, stairways, and passageways; religious relics; mosaics; public barometers and thermometers; and hundreds more urban elements and anachronisms—the book also includes three themed walks (along the city's ancient walls, in the steps of Quasimodo, and through the French Revolution), as well as an index of street names. This absorbing compendium is an essential addition to the library of the armchair traveler and flâneur alike.

The Complete Jewish Guide to France Jan 12 2021 The Complete Jewish Guide to France is the only resource you need to embark on a trip through Jewish France. Travel writer and journalist Toni L. Kamins catalogs information on well-known sights and little-known treasures, such as the Marais district (Paris's celebrated Jewish neighborhood), ancient ghettos, beautiful old synagogues around the country, and many other places. She includes information on transportation and lodging, plus hundreds of places to buy kosher food. Selected photographs and maps fill out the picture. Kamins also recounts the nearly two thousand years of French-Jewish history beginning with evidence that Jews may have lived in France as early as the first century, and continuing right up to the present day. The Complete Jewish Guide to France has everything you need to know to make your trip to France a success—and to put it into a historical context that will make it even more worthwhile.

The French Revolution Oct 21 2021

Britain in the Age of the French Revolution May 04 2020 This new survey looks at the impact in Britain of the French Revolution and the Napoleonic aftermath, across all levels of British society. Jennifer Mori provides a clear and accessible guide to the ideas and intellectual debates the revolution stimulated, as well as popular political movements including radicalism.

Connell Guide to the French Revolution Oct 01 2022

Contesting the French Revolution Nov 09 2020 Contesting the French Revolution provides an insightful overview of one of history's most significant events, as well as examining the most significant historiographical debates about this period. Explores the causes, events, and consequences of the French Revolution. Offers a stimulating analysis of the most controversial debates: Were the events of 1789 a social revolution or a political accident? Did they mark the rise of industrial capitalism or the birth of modern democracy? Was Napoleon Bonaparte an heir to the ideals of 1789 or a betrayer of the Revolution? Shows how historical interpretation of the French Revolution has been influenced by the changing political and social currents of the last 200 years — from the Russian Revolution to the fall of the Berlin Wall — and how historical study has shifted from a political focus to social and cultural approaches in more recent years.

Liberty, Equality, Fraternity: Exploring the French Revolution Jun 16 2021

The French Revolution Dec 31 2019 First Published in 2004. Routledge is an imprint of Taylor & Francis, an informa company.

The Sans-culottes Feb 22 2022 A phenomenon of the pre-industrial age, the Sans-Culottes—master craftsmen, shopkeepers, small merchants, domestic servants—were as hostile to the ideas of capitalist bourgeoisie as they were to those of the ancien régime which was overthrown in the first years of the Revolution. Here is a detailed portrait of who these people were and a sympathetic account of their moment in history.

The French Revolution Nov 21 2021 Presents essays covering the history of the French Revolution, covering important figures of the era, historical events, a selection of primary documents, and an annotated bibliography.

Lectures on the French Revolution Nov 29 2019 The two volumes of his lectures on modern history and on the French Revolution give us in their full ripeness the sum of Acton's historical judgments. History was not to Acton a mere academic pursuit. With that view of history which considers it, beneath the dry light of science, as a series of phenomena capable of detachment from the present, susceptible to separate analysis, he had no sympathy. Still less did he consider history a mere form of literary exposition. The one justification for the study of history was to Acton its value as a guide in the affairs of the every-day world. The present is what it is because of what the past has been. Human development has been a continuous chain of cause and effect. Any course of action in the present must be based upon a knowledge of the way in which things we now do are hedged in, limited by what men have done before us. History thus becomes a great mentor, a schoolmaster of action.

The Long Affair Jan 30 2020 As controversial and explosive as it is elegant and learned, this examination of Thomas Jefferson, as man and icon, through the critical lens of the French Revolution, offers a provocative analysis of the supreme symbol of American history and political culture and challenges the traditional perceptions of both Jeffersonian history and the Jeffersonian legacy. 15 illustrations.

Origins of the French Revolution Aug 31 2022 First published in 1980, this book rapidly established itself as the indispensable guide to what brought about the French Revolution, and to the debates of historians about the issue. It combined a full critical account of recent controversies with a fresh interpretation taking stock of where the debate had led. Since 1980 discussion among historians has continued as lively as ever, and has moved in directions scarcely explored at that time. The 'revisionist' criticism which destroyed the classic mid-century consensus emphasizing the Revolution's social and economic origins has opened the way to a 'post-revisionist' approach focused on cultural change. This new edition brings the subject up to date with an extensively rewritten survey of the historiography up to the present day, and a revised interpretation modified in the light of research by a new generation of scholars. It will thus remain the starting point for any serious study of the greatest of all revolutions, which lies at the root of the modern political world. 'important book . . . readable and perceptive analysis', Times Higher Education Supplement 'His book is excellent, achieving the rare distinction of being both useful and revealing', Spectator 'brief, clear, and thoughtful', Journal of Modern History
