The Wild Bunch Feb 02 2020 For the fiftieth anniversary of the film, W.K. Stratton's definitive history of the making of **The Wild Bunch**, named one of the greatest Westerns of all time by the American Film Institute. Sam Peckinpah's film **The Wild Bunch** is the story of a gang of outlaws who are one big steal from retirement. When their attempted train robbery goes awry, the gang flees to Mexico and falls in with a brutal general of the Mexican Revolution, who offers them the job of a lifetime. Conceived by a stuntman, directed by a blacklisted director, and shot in the sand and heat of the Mexican desert, the movie seemed doomed. Instead, it became an instant classic with a dark, violent take on the Western movie tradition. In **The Wild Bunch**, W.K. Stratton tells the fascinating history of the making of the movie and documents for the first time the extraordinary contribution of Mexican and Mexican-American actors and crew members to the movie's success. Shaped by infamous director Sam Peckinpah, and starring such visionary actors as William Holden, Ernest Borgnine, Edmond O'Brien, and Robert Ryan, the movie was also the product of an industry and a nation in transition. By 1968, when the movie was filmed, the studio system that had perpetuated the myth of the valiant cowboy in movies like **The Searchers** had collapsed, and America was riled by Vietnam, race riots, and assassinations. **The Wild Bunch** spoke to America in its moment, when war and senseless violence seemed to define both domestic and international life. **The Wild Bunch** is an authoritative history of the making of a movie and the era behind it.

Space Odyssey Dec 02 2019 The definitive story of the making of **2001: A Space Odyssey**, acclaimed today as one of the greatest films ever made, and of director Stanley Kubrick and writer Arthur C. Clarke—"a tremendous explication of a tremendous film....Breathtaking" (*The Washington Post*). Fifty years ago a strikingly original film had its premiere. Still acclaimed as one of the most remarkable and important motion pictures ever made, **2001: A Space Odyssey** depicted the first contacts between humanity and extraterrestrial intelligence. The movie was the product of a singular collaboration between Stanley Kubrick and science fiction visionary Arthur C. Clarke. Fresh off the success of his cold war satire **Dr. Strangelove**, Kubrick wanted to make the first truly first-rate science fiction film. Drawing from Clarke's ideas and with one of the author's short stories as the initial inspiration, their bold vision benefited from pioneering special effects that still look extraordinary today, even in an age of computer-generated images. In **Space Odyssey**, author, artist, and award-winning filmmaker Michael Benson "delivers expert inside stuff" (*San Francisco Chronicle*) from his extensive research of Kubrick's and Clarke's archives. He has had the cooperation of Kubrick's widow, Christiane, and interviewed most of the key people still alive who worked on the film. Drawing also from other previously unpublished interviews, **Space Odyssey** provides a 360-degree view of the film from its genesis to its legacy, including many previously untold stories. And it features dozens of photos from the making of the film, most never previously published. "At last! The dense, intense, detailed, and authoritative saga of the making of the greatest motion picture I've ever seen...Michael Benson has done the **Cosmos** a great service" (*Academy Award-winning actor Tom Hanks*).

Inky Fingers May 07 2020 The author of **The Footnote** reflects on scribes, scholars, and the work of publishing during the golden age of the book. From Francis Bacon to Barack Obama, thinkers and political leaders have denounced humanists as obsessively bookish and allergic to labor. In this celebration of bookmaking in all its messy and intricate detail, renowned historian Anthony Grafton invites us to see the scholars of early modern Europe as diligent workers. Meticulously illuminating the physical and mental labors that fostered the golden age of the book—the compiling of notebooks, copying and correction of texts and proofs, preparation of copy—he shows us how the exertions of scholars shaped influential books, treatises, and forgeries. **Inky Fingers** ranges widely, tracing the transformation of humanistic approaches to texts in the seventeenth and eighteenth centuries and examining the simultaneously sustaining and constraining effects of theological polemics on sixteenth-century scholars. Grafton draws new connections between humanistic traditions and intellectual innovations, textual learning and craft knowledge, manuscript and print. Above all, Grafton makes clear that the nitty-gritty of bookmaking has had a profound impact on the history of ideas—that the life of the mind depends on the

work of the hands.

Flash: The Making of Weegee the Famous Aug 22 2021 Arthur Fellig's ability to arrive at a crime scene just as the cops did was so uncanny that he became known as "Weegee," claiming that he functioned as a human Ouija board. Weegee documented better than any other photographer the crime, grit, and complex humanity of midcentury New York City. In *Flash*, we get a portrait not only of the man (both flawed and deeply talented, with generous appetites for publicity, women, and hot pastrami) but also of the fascinating time and place that he occupied. From self-taught immigrant kid to newshound to art-world darling to latter-day caricature--moving from the dangerous streets of New York City to the celebrity culture of Los Angeles and then to Europe for a quixotic late phase of experimental photography and filmmaking--Weegee lived a life just as vivid as the scenes he captured. *Flash* is an unprecedented and ultimately moving view of the man now regarded as an innovator and a pioneer, one whose photographs are among the most powerful images of urban existence ever made.

The Making of King Kong Sep 10 2020 *The Definitive King Kong*. In this updated and expanded edition, the story of Universal's 1933 classic film *King Kong* is fully told, from the biographies of its creators and the challenges in its production, to the many "gorilla" films that followed. With over 100 photos.

Mad as Hell Jan 27 2022 The behind-the-scenes story of the making of the iconic movie *Network*, which transformed the way we think about television and the way television thinks about us "I'm mad as hell, and I'm not going to take this anymore!" Those words, spoken by an unhinged anchorman named Howard Beale, "the mad prophet of the airwaves," took America by storm in 1976, when *Network* became a sensation. With a superb cast (including Faye Dunaway, William Holden, Peter Finch, and Robert Duvall) directed by Sidney Lumet, the film won four Academy Awards and indelibly shaped how we think about corporate and media power. In *Mad As Hell*, Dave Itzkoff of *The New York Times* recounts the surprising and dramatic story of how *Network* made it to the screen. Such a movie rarely gets made any more—one man's vision of the world, independent of studio testing or market research. And that man was Paddy Chayefsky, the tough, driven, Oscar-winning screenwriter whose vision—outlandish for its time—is all too real today. Itzkoff uses interviews with the cast and crew, as well as Chayefsky's notes, letters, and drafts to re-create the action in front of and behind the camera at a time of swirling cultural turmoil. The result is a riveting account that enriches our appreciation of this prophetic and still-startling film. Itzkoff also speaks with today's leading broadcasters and filmmakers to assess *Network*'s lasting impact on television and popular culture. They testify to the enduring genius of Paddy Chayefsky, who foresaw the future and whose life offers an unforgettable lesson about the true cost of self-expression.

Visions in a Seer Stone Nov 12 2020 In this interdisciplinary work, William L. Davis examines Joseph Smith's 1829 creation of the *Book of Mormon*, the foundational text of the Latter Day Saint movement. Positioning the text in the history of early American oratorical techniques, sermon culture, educational practices, and the passion for self-improvement, Davis elucidates both the fascinating cultural context for the creation of the *Book of Mormon* and the central role of oral culture in early nineteenth-century America. Drawing on performance studies, religious studies, literary culture, and the history of early American education, Davis analyzes Smith's process of oral composition. How did he produce a history spanning a period of 1,000 years, filled with hundreds of distinct characters and episodes, all cohesively tied together in an overarching narrative? Eyewitnesses claimed that Smith never looked at notes, manuscripts, or books—he simply spoke the words of this American religious epic into existence. Judging the truth of this process is not Davis's interest. Rather, he reveals a kaleidoscope of practices and styles that converged around Smith's creation, with an emphasis on the evangelical preaching styles popularized by the renowned George Whitefield and John Wesley.

Future Noir: The Making of Blade Runner Apr 29 2022 The 1992 release of the "Director's Cut" only confirmed what the international film cognoscenti have known all along: Ridley Scott's *Blade Runner*, based on Philip K. Dick's brilliant and troubling SF novel *Do Androids Dream of Electric Sheep*, still rules as the most visually dense, thematically challenging, and influential SF film ever made. *Future Noir* is the story of that triumph. The making of *Blade Runner* was a seven-year odyssey that would test the stamina and the imagination of writers, producers, special effects wizards, and the most innovative art directors and set designers in the industry. A fascinating look at the ever-shifting interface between commerce and the art that is modern Hollywood, *Future Noir* is the intense, intimate, anything-but-glamorous inside account of how the work of SF's most uncompromising author was transformed into a critical sensation, a commercial success, and a cult classic.

The Making of Her Apr 05 2020 An unforgettable debut novel about family secrets, falling apart, and coming together. Dublin 1996. Joan Egan lives an enviable life. She and her husband, Martin, and daughter, Carmel, are thriving in Dublin at the dawn of an economic boom. But everything changes when Joan receives a letter from Emma, the daughter who she and Martin gave up for adoption thirty years before, asking for a life-or-death favor. While Joan grapples with the guilt over giving up her baby long ago, she must confront her present as the cracks in her marriage become impossible to ignore and simmering tension with Carmel boils over. Meanwhile, Carmel and Emma must come to terms with the perceived sins of their mother, to imagine a future for their family before it is too late. Spanning the nineties and the sixties, with Dublin as its backdrop, *The Making of Her* is the tender and page-turning story of marriage, motherhood, a culture that would not allow a woman to find true happiness—and her journey to finally claim it.

Warner Bros Jun 27 2019 Behind the scenes at the legendary Warner Brothers film studio, where four immigrant brothers transformed themselves into the moguls and masters of American fantasy Warner Bros charts the rise of an unpromising film studio from its shaky beginnings in the early twentieth century through its ascent to the pinnacle of Hollywood

influence and popularity. The Warner Brothers—Harry, Albert, Sam, and Jack—arrived in America as unschooled Jewish immigrants, yet they founded a studio that became the smartest, toughest, and most radical in all of Hollywood. David Thomson provides fascinating and original interpretations of Warner Brothers pictures from the pioneering talkie *The Jazz Singer* through black-and-white musicals, gangster movies, and such dramatic romances as *Casablanca*, *East of Eden*, and *Bonnie and Clyde*. He recounts the storied exploits of the studio's larger-than-life stars, among them Al Jolson, James Cagney, Bette Davis, Errol Flynn, Humphrey Bogart, James Dean, Doris Day, and Bugs Bunny. The Warner brothers' cultural impact was so profound, Thomson writes, that their studio became "one of the enterprises that helped us see there might be an American dream out there."

The Making of Star Wars (Enhanced Edition) Jun 19 2021 This enhanced eBook transforms *The Making of Star Wars* into an immersive multimedia experience worthy of the original film. It features exclusive content pulled from the Lucasfilm archives by author J. W. Rinzler: • 26 minutes of rare behind-the-scenes video* • 29 minutes of rare audio interviews with the cast and crew • New bonus photos and artwork not found in the print edition After the 1973 success of *American Graffiti*, filmmaker George Lucas made the fateful decision to pursue a longtime dream project: a space fantasy movie unlike any ever produced. Lucas envisioned a swashbuckling SF saga inspired by the *Flash Gordon* serials, classic American westerns, the epic cinema of Japanese auteur Akira Kurosawa, and mythological heroes. Its original title: *The Star Wars*. The rest is history, and how it was made is a story as entertaining and exciting as the movie that has enthralled millions for more than thirty years—a story that has never been told as it was meant to be. Until now. Using his unprecedented access to the Lucasfilm Archives and its trove of "lost" interviews, photos, production notes, factoids, and anecdotes, *Star Wars* scholar J. W. Rinzler hurtles readers back in time for a one-of-a-kind behind-the-scenes look at the nearly decade-long quest of George Lucas and his key collaborators to make the "little" movie that became a phenomenon. It's all here: • the evolution of the now-classic story and characters—including "Annikin Starkiller" and "a huge green-skinned monster with no nose and large gills" named Han Solo • excerpts from George Lucas's numerous, ever-morphing script drafts • the birth of Industrial Light & Magic, the special-effects company that revolutionized Hollywood filmmaking • the studio-hopping and budget battles that nearly scuttled the entire project • the director's early casting saga, which might have led to a film spoken mostly in Japanese—including the intensive auditions that won the cast members their roles and made them legends • the grueling, nearly catastrophic location shoot in Tunisia and the subsequent breakneck dash at Elstree Studios in London • the who's who of young film rebels who pitched in to help—including Francis Ford Coppola, Steven Spielberg, and Brian DePalma But perhaps most exciting, and rarest of all, are the interviews conducted before and during production and immediately after the release of *Star Wars*—in which George Lucas, Mark Hamill, Harrison Ford, Carrie Fisher, Sir Alec Guinness, Anthony Daniels, composer John Williams, effects masters Dennis Muren, Richard Edlund, and John Dykstra, Phil Tippett, Rick Baker, legendary production designer John Barry, and a host of others share their fascinating tales from the trenches and candid opinions of the film that would ultimately change their lives. No matter how you view the spectrum of this phenomenon, *The Making of Star Wars* stands as a crucial document—rich in fascination and revelation—of a genuine cinematic and cultural touchstone. *Video may not play on all readers. The Making of the Book Oct 04 2022

The Big Goodbye Aug 10 2020 From the New York Times bestselling author of *Fifth Avenue, Five A.M.* and *Fosse* comes the revelatory account of the making of a modern American masterpiece *Chinatown* is the Holy Grail of 1970s cinema. Its twist ending is the most notorious in American film and its closing line of dialogue the most haunting. Here for the first time is the incredible true story of its making. In Sam Wasson's telling, it becomes the defining story of the most colorful characters in the most colorful period of Hollywood history. Here is Jack Nicholson at the height of his powers, as compelling a movie star as there has ever been, embarking on his great, doomed love affair with Anjelica Huston. Here is director Roman Polanski, both predator and prey, haunted by the savage death of his wife, returning to Los Angeles, the scene of the crime, where the seeds of his own self-destruction are quickly planted. Here is the fevered dealmaking of "The Kid" Robert Evans, the most consummate of producers. Here too is Robert Towne's fabled script, widely considered the greatest original screenplay ever written. Wasson for the first time peels off layers of myth to provide the true account of its creation. Looming over the story of this classic movie is the imminent eclipse of the '70s filmmaker-friendly studios as they gave way to the corporate Hollywood we know today. In telling that larger story, *The Big Goodbye* will take its place alongside classics like *Easy Riders*, *Raging Bulls* and *The Devil's Candy* as one of the great movie-world books ever written. Praise for Sam Wasson: "Wasson is a canny chronicler of old Hollywood and its outsize personalities...More than that, he understands that style matters, and, like his subjects, he has a flair for it." - *The New Yorker* "Sam Wasson is a fabulous social historian because he finds meaning in situations and stories that would otherwise be forgotten if he didn't sleuth them out, lovingly." - Hilton Als

The Making of Citizen Kane, Revised Edition Sep 22 2021 *Citizen Kane*, widely considered the greatest film ever made, continues to fascinate critics and historians as well as filmgoers. While credit for its genius has traditionally been attributed solely to its director, Orson Welles, Carringer's pioneering study documents the shared creative achievements of Welles and his principal collaborators. *The Making of Citizen Kane*, copiously illustrated with rare photographs and production documents, also provides an in-depth view of the operations of the Hollywood studio system. This new edition includes a revised preface and overview of criticism, an updated chronology of the film's reception history, a reconsideration of the locus of responsibility of Welles's ill-fated *The Magnificent Ambersons*, and new photographs.

The Making of Tron Aug 29 2019 In 1982, Walt Disney Productions was in serious trouble. Its films were no longer drawing audiences into theaters. In the era of "Star Wars" and "Raiders of the Lost Ark," Disney desperately needed to reinvent itself. Disney found its salvation in a radical new film called "Tron." Led by a fearless first-time feature film director, the cast and crew of "Tron" turned the Disney studio upside down and forced it into the modern film age. "The Making of Tron: How Tron Changed Visual Effects and Disney Forever" traces the making of this groundbreaking computer driven film from its inception, through its setbacks and in-fighting, to its enormous influence on modern culture. "Tron" was so innovative, it would change how audiences saw movies and it would forever transform the film industry. Featuring exclusive interviews with Jeff Bridges, Cindy Morgan, Steven Lisberger, Donald Kushner, Harrison Ellenshaw, Richard Taylor, and "Tron" alumni, "The Making of Tron: How Tron Changed Visual Effects and Disney Forever" will blow away your perception

of one of the most innovative films of all time.

Young Frankenstein: A Mel Brooks Book Aug 02 2022 Mel Brooks' own words telling all about the players, the filming, and studio antics during the production of this great comedy classic. The book is alive and teeming with hundreds of photos, original interviews, and hilarious commentary. Young Frankenstein was made with deep respect for the craft and history of cinema—and for the power of a good schwanzstucker joke. This picture-driven book, written by one of the greatest comedy geniuses of all time, takes readers inside the classic film's marvelous creation story via never-before-seen black and white and color photography from the set and contemporary interviews with the cast and crew, most notably, legendary writer-director Mel Brooks. With access to more than 225 behind-the-scenes photos and production stills, and with captions written by Brooks, this book will also rely on interviews with gifted director of photography Gerald Hirschfeld, Academy Award-winning actress Cloris Leachman and veteran producer Michael Gruskoff. Mel Brooks is an American film director, screenwriter, comedian, actor, producer, composer and songwriter. Brooks is best known as a creator of broad film farces and comic parodies including *The Producers*, *The Twelve Chairs*, *Blazing Saddles*, *Young Frankenstein*, *Silent Movie*, *High Anxiety*, *History of the World, Part I*, *Spaceballs* and *Robin Hood: Men in Tights*. More recently, he had a smash hit on Broadway with the musical adaptation of his first film, *The Producers*. An EGOT winner, he received a Kennedy Center Honor in 2009, the 41st AFI Life Achievement Award in June 2013, and a British Film Institute Fellowship in March 2015. Three of Brooks' classics have appeared on AFI's 100 Years...100 Laughs list. *Blazing Saddles* at number 6, *The Producers* at number 11, and *Young Frankenstein* at number 13. Judd Apatow is one of the most important comic minds of his generation. He wrote and directed the films *The 40-Year-Old Virgin* (co-written with Steve Carell), *Knocked Up*, *Funny People*, and *This Is 40*, and his producing credits include *Superbad*, *Bridesmaids*, and *Anchorman*. Apatow is the executive producer of HBO's *Girls*.

Dream Golf Feb 13 2021 "A fascinating study of Keiser's evolution as a golf entrepreneur...Any golfer interested in how things work will find it a worthy read. This, one suspects, is how the West was truly won."---Travel & Leisure Golf "This is much more than a golf book; it's the story of one man's unshakable vision and the extraordinary people who helped him bring it to life."---George Peper, former editor in chief, Golf Magazine "What a pleasure when a good story lands in the hands of a good storyteller...Goodwin does a wonderful job of conveying the modern golf world through Keiser's unique set of values."---Golfweek "Dream Golf will appeal to golfers and lovers of golf history on multiple levels: as a crash course in golf-course architecture; as an insider's look at how golf holes are designed and constructed; and as a surprisingly inspirational account of how a golf course built the old-fashioned way can inspire a 'sense of the sublime' in all who tread its fairways...[A] very special book."---Booklist "This is a story about a modern day miracle worker...Tells the incredible

story behind the creation of these marvelous courses on the coast of Oregon...Author Goodwin [is] a literary man who knows how to tell stories with details that hold your attention...Go buy the book---it will make you go to Bandon for sure."---Golf Today "The story line behind Bandon Dunes sounds a little too perfect, as if it were scripted as a marketing ploy. In fact, it was the opposite, just a guy building the kind of golf course he himself would want to play---and tapping into something smart."---The Wall Street Journal This Is The Story of a man with a dream---as well as the vision and passion to make it come true. The dream was to build a great American links course, one that would contain all the excitement of the famous golfing destinations in Scotland and Ireland, storied places like St. Andrews and Ballybunion. The man was Mike Keiser, an entrepreneur and amateur golf enthusiast, founder of the successful company Recycled Paper Greetings, and Dream Golf is the story of how, with the help of some of the most colorful---and occasionally controversial---men in golf, he transformed a remote area on Oregon's Pacific coast into not one but four of the most stunning, challenging, and highly ranked courses in the world. These courses---Bandon Dunes, Pacific Dunes, Bandon Trails, and the newly opened Old Macdonald---are the antithesis of most modern American golf courses, where the features have been shaped by bulldozers and all too often look sleek, manicured, and artificial. All the holes at the Bandon complex have evolved naturally and are molded to fit the rugged, heaving coastal terrain, creating courses that provide much the same experience as playing the legendary "links" courses of the British Isles. With all three courses ranked in the Top 100 in the country by Golfweek, Golf Digest, and Golf Magazine, the courses at Bandon provide a "pure" golf experience, pitting the golfer against the elements, allowing the land to dictate the course, making players feel engaged with both nature and the game. When Bandon Trails, the third course in the complex, opened, Golf Odyssey magazine proclaimed, "Bandon Trails cements Bandon Dunes' position as the single best place to play golf in the world." Now with the opening of a fourth course, this one named Old Macdonald in honor of Charles Blair Macdonald, the father of American golf course architecture and the founder of the United States Golf Association, golfers will have an opportunity to experience an even more rugged, untamed version of the game. In this revised and expanded edition, Stephen Goodwin recounts the arduous task involved in creating this monumental new course, designed by renowned golf course architect Tom Doak. Featuring the classic principles and strategies that Macdonald incorporated into his own courses, Doak has shaped eighteen holes that pay tribute to the legendary Macdonald while offering a totally new and exciting experience. Dream Golf provides a gripping account of how one man thoroughly transformed his dream into reality and celebrates the imagination and daring that went into shaping one of America's most outstanding golf resorts.

Caddyshack Apr 17 2021 "More fun to read than the movie was to watch... a scene-stealing book." — The Washington Post An Entertainment Weekly "Must List" selection Caddyshack is one of the most beloved comedies of all time, a classic snobs vs. slobs story of working class kids and the white collar buffoons that make them haul their golf bags in the hot summer sun. It has sex, drugs and one very memorable candy bar, but the movie we all know and love didn't start out that way, and everyone who made it certainly didn't have the word "classic" in mind as the cameras were rolling. In Caddyshack: The Making of a Hollywood Cinderella Story film critic for Entertainment Weekly Chris Nashawaty goes behind the scenes of the iconic film, chronicling the rise of comedy's greatest deranged minds as they form The National Lampoon, turn the entertainment industry on its head, and ultimately blow up both a golf course and popular culture as we know it. Caddyshack is at once an eye-opening narrative about one of the most interesting, surreal, and dramatic film productions there's ever been, and a rich portrait of the biggest, and most revolutionary names in Hollywood. So, it's got that going for it...which is nice.

Pictures at a Revolution Oct 12 2020 Documents the cultural revolution behind the making of 1967's five Best Picture-nominated films, including Guess Who's Coming to Dinner, The Graduate, Doctor Doolittle, In the Heat of the Night, and Bonnie and Clyde, in an account that discusses how the movies reflected period beliefs about race, violence, and identity. 40,000 first printing.

West Side Story May 19 2021 Featuring never-before-seen unit photography, storyboards, costume and concept designs, and behind-the-scenes photos from Academy Award-winning director Steven Spielberg's first musical, West Side Story: The Making of the Steven Spielberg Film is a loving chronicle of the years of effort that went into bringing a beloved story back to the screen for a new generation. Author Laurent Bouzereau was embedded with the film's cast and crew and conducted original interviews with director and producer Steven Spielberg, screenwriter and executive producer Tony Kushner, Tony Award-winning choreographer Justin Peck, and the cast of Sharks and Jets, among many others, to bring together a firsthand oral history documenting every stage of the film's production. As relevant today as when it first debuted on Broadway, West Side Story has been reimaged by Spielberg, Kushner, and their cast of young stars, including Ansel Elgort (Tony), Rachel Zegler (María), Ariana DeBose (Anita), and David Alvarez (Bernardo), fully embracing historical accuracy in its vibrant depiction of mid-1950s New York City and the forbidden love of the teenagers caught between familial allegiances and passion. West Side Story: The Making of the Steven Spielberg Film provides exclusive in-depth commentary on these themes, bringing together a chorus of diverse voices to explore what it means to find a place for yourself in America.

Orson Welles's Last Movie Oct 31 2019 In the summer of 1970 legendary but self-destructive director Orson Welles returned to Hollywood from years of self-imposed exile in Europe and decided it was time to make a comeback movie. Coincidentally it was the story of a legendary self-destructive director who returns to Hollywood from years of self-imposed exile in Europe. Welles swore it wasn't autobiographical. The Other Side of the Wind was supposed to take place during a single day, and Welles planned to shoot it in eight weeks. It took twelve years and remains unreleased and largely

unseen.Orson Welles' Last Movie by Josh Karp is a fast-paced, behind-the-scenes account of the bizarre, hilarious and remarkable making of what has been called "the greatest home movie that no one has ever seen." Funded by the Shah of Iran's brother-in-law, and based on a script that Welles rewrote every night for years, a final attempt to one-up his own best-work. It's almost impossible to tell if art is imitating life or vice versa in the film. It's a production best encompassed by its star, John Huston, who described the making of the film as "an adventure shared by desperate men that finally came to nothing."

Making of a Therapist Jan 03 2020 Lessons from the personal experience and reflections of a therapist. The difficulty and cost of training psychotherapists properly is well known. It is far easier to provide a series of classes while ignoring the more challenging personal components of training. Despite the fact that the therapist's self-insight, emotional maturity, and calm centeredness are critical for successful psychotherapy, rote knowledge and technical skills are the focus of most training programs. As a result, the therapist's personal growth is either marginalized or ignored. The Making of a Therapist counters this trend by offering graduate students and beginning therapists a personal account of this important inner journey. Cozolino provides a unique look inside the mind and heart of an experienced therapist. Readers will find an exciting and privileged window into the experience of the therapist who, like themselves, is just starting out. In addition, The Making of a Therapist contains the practical advice, common-sense wisdom, and self-disclosure that practicing professionals have found to be the most helpful during their own training. The first part of the book, 'Getting Through Your First Sessions,' takes readers through the often-perilous days and weeks of conducting initial sessions with real clients. Cozolino addresses such basic concerns as: Do I need to be completely healthy myself before I can help others? What do I do if someone comes to me with an issue or problem I can't handle? What should I do if I have trouble listening to my clients? What if a client scares me? The second section of the book, 'Getting to Know Your Clients,' delves into the routine of therapy and the subsequent stages in which you continue to work with clients and help them. In this context, Cozolino presents the notion of the 'good enough' therapist, one who can surrender to his or her own imperfections while still guiding the therapeutic relationship to a positive outcome. The final section, 'Getting to Know Yourself,' goes to the core of the therapist's relation to him- or herself, addressing such issues as: How to turn your weaknesses into strengths, and how to deal with the complicated issues of pathological caretaking, countertransference, and self-care. Both an excellent introduction to the field as well as a valuable refresher for the experienced clinician, The Making of a Therapist offers readers the tools and insight that make the journey of becoming a therapist a rich and rewarding experience.

The Making of Planet of the Apes Dec 14 2020 FOREWORD BY FRASER HESTON In celebration of the fiftieth anniversary of Planet of the Apes, the classic science-fiction film from 1968, The Making of Planet of the Apes tells the film and offers exclusive, never-before-seen photographs and concept art. Based on Pierre Boulle's novel La Planète de singes, the original Planet of the Apes was one of the most celebrated films of the 1960s and beyond. Starring Hollywood icons Charlton Heston and Roddy McDowall, the movie struck a chord with the world and sparked a franchise that included eight sequels, two television series, and a long-running comic book. Now, five decades after its theatrical release, New York Times bestselling author J. W. Rinzler tells the thrilling story of this legendary Hollywood production—a film even Boulle thought would be impossible to make. With a foreword by Fraser Heston, Charlton Heston's son, The Making of Planet of the Apes is an entertaining, informative experience that will transport readers back to the strange alternate Earth ruled by apes, and bring to life memorable characters such as Cornelius, Dr. Zira, Dr. Zaius, and Taylor, the human astronaut whose time-traveling sparks an incredible adventure. Meticulously researched and designed to capture the look and atmosphere of the film, The Making of Planet of the Apes is also packed with a wealth of concept paintings, storyboards, and never-before-seen imagery—including rare journal pages and sketches from Charlton Heston's private collection—as well as color and black-and-white unit photography, posters, and more unique ephemera. Comprehensive in scope, The Making of Planet of the Apes is the definitive look at the original blockbuster film, a must-have for fans, film buffs, and collectors alike.
