The Deadly Life of Logistics Apr 05 2020 In a world in which global trade is at risk, where warehouses and airports, shipping lanes and seaports try to guard against the likes of Al Qaeda and Somali pirates, and natural disaster can disrupt the flow of goods, even our "stuff" has a political life. The high stakes of logistics are not surprising, Deborah Cowen reveals, if we understand its genesis in war. In *The Deadly Life of Logistics*, Cowen traces the art and science of logistics over the last sixty years, from the battlefield to the boardroom and back again. Focusing on choke points such as national borders, zones of piracy, blockades, and cities, she tracks contemporary efforts to keep goods circulating and brings to light the collective violence these efforts produce. She investigates how the old military art of logistics played a critical role in the making of the global economic order—not simply the globalization of production, but the invention of the supply chain and the reorganization of national economies into transnational systems. While reshaping the world of production and distribution, logistics is also actively reconfiguring global maps of security and citizenship, a phenomenon Cowen charts through the rise of supply chain security, with its challenge to long-standing notions of state sovereignty and border management. Though the object of corporate and governmental logistical efforts is commodity supply, *The Deadly Life of Logistics* demonstrates that they are deeply political—and, considered in the context of the long history of logistics, deeply indebted to the practice of war.

Wiley IFRS 2017 Aug 29 2019 The one-stop resource for IFRS interpretation and application, updated for 2017 Wiley IFRS 2017 offers a complete resource for the interpretation and application of the latest International Financial Reporting Standards (IFRS) as outlined by the International Accounting Standards Board (IASB). With up-to-date coverage and a host of practical tools, this book provides invaluable guidance on the expanding framework for unified financial reporting. Organised for easy navigation, each chapter includes general statement information followed by topic-specific discussion to facilitate both quick-reference and in-depth study. The expert team at PKF International provides authoritative insight from a practitioner's perspective: IFRIC interpretations and practical real-world guidance ensure full understanding of the newest standards, and the Disclosure Checklist helps verify compliance. The IASB's efforts are paying off as more and more countries around the globe either adopt IFRS as their national standards, or adjust local standards in alignment. A working understanding of IFRS application is becoming essential, even as the rules continue to evolve. This book provides full coverage of the latest standards and thorough guidance for implementation. Review the latest IFRS rules and standards Apply guidelines and best practices appropriately Gain expert insight on IFRS interpretation and implementation Ensure compliance and verify completeness Uniform financial reporting reduces the costs of financial statement preparation for multinational companies, and streamlines the assessment of business results. As the standards themselves evolve, so must practitioners' understanding of how to apply them correctly in real-world cases. Wiley IFRS 2017 offers a complete, up-to-date reference to help you apply and comply with the latest international standards.

A Discovery of Witches Jun 27 2019 Now a major Sky original production - Season 2 streaming now THE NUMBER ONE INTERNATIONAL AND SUNDAY TIMES BESTSELLER. A Discovery of Witches is the first in the must-read ALL SOULS trilogy. It begins with absence and desire. It begins with blood and fear. It begins with a discovery of witches. Fall under the spell of Diana and Matthew in the stunning first volume of the No.1 internationally bestselling ALL SOULS trilogy. A world of witches, daemons and vampires. A manuscript which holds the secrets of their past and the key to their future. Diana and Matthew - the forbidden love at the heart of it. When historian Diana Bishop opens an alchemical manuscript in the Bodleian Library, it's an unwelcome intrusion of magic into her carefully ordered life. Though Diana is a witch of impeccable lineage, the violent death of her parents while she was still a child convinced her that human fear is more potent than any witchcraft. Now Diana has unwittingly exposed herself to a world she's kept at bay for years; one of powerful witches, creative, destructive daemons and long-lived vampires. Sensing the significance of Diana's discovery, the creatures gather in Oxford, among them the enigmatic Matthew Clairmont, a vampire geneticist. Diana is inexplicably drawn to Matthew and, in a shadowy world of half-truths and old enmities, ties herself to him without fully understanding the ancient line they are crossing. As they begin to unlock the secrets of the manuscript and their feelings for each other deepen, so the fragile balance of peace unravels... Five reasons to read A Discovery of Witches and the All Souls Trilogy 'Rich, thrilling ... A captivating and romantic ripping yarn' E L James 'Intelligent and off-the-wall ... irresistible to Twilight fans' Sunday Times 'I could lose myself in here and never want to come out ... Utterly enchanting on every level' Manda Scott 'Exciting amounts of spells, kisses and battles, and is recounted with enchanting, page-turning panache' Marie Claire 'A bubbling cauldron of illicit desire ... an assured saga that blends romance with fantasy' Daily Mail
