**Outsmarting Overeating** Dec 02 2019 Use Life Skills, Not Willpower, to Stop Overeating  
The reason you turn to food when you're stressed or distressed is that you don't have better ways of managing life's ups and downs. According to Karen R. Koenig, an expert on the

psychology of eating, you can transform your eating habits — and your life — by developing effective life skills. When you have enhanced skills, you won't need to turn to mindless eating to make it through the day and will get the best out of life rather than letting life get the best of you. With Koenig's guidance, you'll learn how to establish and maintain functional relationships, take care of yourself physically and emotionally, think rationally, and create a passionate, joyful, and meaningful life. When these behaviors take root and become automatic, food becomes what it is meant to be: nourishment and one of life's many pleasures.

Intuitive Eating, 2nd Edition Aug 22 2021 We've all been there—angry with ourselves for overeating, for our lack of willpower, for failing at yet another diet that was supposed to be the last one. But the problem is not you, it's that dieting, with its emphasis on rules and regulations, has stopped you from listening to your body. Written by two prominent nutritionists, *Intuitive Eating* focuses on nurturing your body rather than starving it, encourages natural weight loss, and helps you find the weight you were meant to be. Learn:

- \*How to reject diet mentality forever
- \*How our three Eating Personalities define our eating difficulties
- \*How to feel your feelings without using food
- \*How to honor hunger and feel fullness
- \*How to follow the ten principles of Intuitive Eating, step-by-step
- \*How to achieve a new and safe relationship with food and, ultimately, your body

With much more compassionate, thoughtful advice on satisfying, healthy living, this newly revised edition

also includes a chapter on how the Intuitive Eating philosophy can be a safe and effective model on the path to recovery from an eating disorder.

Harvest for Hope Oct 12 2020 From world-renowned scientist Jane Goodall, as seen in the new National Geographic documentary Jane, comes a provocative look into the ways we can positively impact the world by changing our eating habits. "One of those rare, truly great books that can change the world." - John Robbins, author of *The Food Revolution* The renowned scientist who fundamentally changed the way we view primates and our relationship with the animal kingdom now turns her attention to an incredibly important and deeply personal issue-taking a stand for a more sustainable world. In this provocative and encouraging book, Jane Goodall sounds a clarion call to Western society, urging us to take a hard look at the food we produce and consume-and showing us how easy it is to create positive change.Offering her hopeful, but stirring vision, Goodall argues convincingly that each individual can make a difference. She offers simple strategies each of us can employ to foster a sustainable society. Brilliant, empowering, and irrepressibly optimistic, *HARVEST FOR HOPE* is one of the most crucial works of our age. If we follow Goodall's sound advice, we just might save ourselves before it's too late.

*The Carnivore Diet* Aug 29 2019 Shawn Baker's *Carnivore Diet* is a revolutionary, paradigm-breaking nutritional strategy that takes contemporary dietary theory and dumps it on its head. It breaks just about all the "rules" and delivers outstanding results. At its heart

is a focus on simplicity rather than complexity, subtraction rather than addition, making this an incredibly effective diet that is also easy to follow. The Carnivore Diet reviews some of the supporting evolutionary, historical, and nutritional science that gives us clues as to why so many people are having great success with this meat-focused way of eating. It highlights dramatic real-world transformations experienced by people of all types. Common disease conditions that are often thought to be lifelong and progressive are often reversed on this diet, and in this book, Baker discusses some of the theory behind that phenomenon as well. It outlines a comprehensive strategy for incorporating the Carnivore Diet as a tool or a lifelong eating style, and Baker offers a thorough discussion of the most common misconceptions about this diet and the problems people have when transitioning to it.

*Eat what You Love* Dec 14 2020 May helps you rediscover when, what, and how much to eat without restrictive rules. You'll learn the truth about nutrition and how to stop using exercise to earn the right to eat. You'll finally experience the pleasure of eating the foods you love-- without guilt or binging.

*Eating Mindfully* Feb 13 2021 What would it be like to really savor your food? Instead of grabbing a quick snack on your way out the door or eating just to calm down at the end of a stressful day, isn't it about time you let yourself truly appreciate a satisfying, nourishing meal? In our modern society, weight concerns, obesity rates, and obsession with appearance have changed the way we look at food—and not necessarily for the better. If you have ever

snacked when you weren't hungry, have used guilt as a guide for your eating habits, or have cut calories even when you felt hungry, you have experienced "mindless" eating firsthand. This mindless approach to food is dangerous, and can have serious health and emotional consequences. But if you've been mindlessly eating all your life, it can be difficult to make a change. When it comes down to it, you must take a whole new approach to eating—but where do you begin? Practicing mindful eating habits may be just the thing to make that important change. In fact, it might just be the answer you've been searching for all these years. The breakthrough approaches in *Eating Mindfully*, by Susan Albers, use mindfulness-based psychological practices to take charge of cravings so they can eat when they are hungry and stop when they feel full. Ten years after the release of the first edition, this book continues to help thousands of readers change the way they approach mealtime. So what's changed? For starters, there is a new section that focuses on the "occasional mindless eater." This second edition emphasizes that mindful eating isn't only for those on a diet or for those who have severely problematic eating habits—it's for everyone. In addition, this new edition features over 50 new tips for eating mindfully. Inside, you will learn how to be more aware of what you eat, get to know your fullness and hunger cues, and how to savor and appreciate every bite. You will also learn how mindlessness corrupts the way you eat, and how it can manifest in a number of different eating problems. No matter where you are in your journey toward mindful eating, this book will be an invaluable

resource, and you will gain insight into how mindfulness can provide you with the skills needed to control the way you eat—leading to a healthier, happier life.

**Slim by Design** Apr 29 2022 In *Slim by Design*, leading behavioral economist, food psychologist, and bestselling author Brian Wansink introduces groundbreaking solutions for designing our most common spaces—schools, restaurants, grocery stores, and home kitchens, among others—in order to make positive changes in how we approach and manage our diets. Anyone familiar with Wansink’s *Mindless Eating* knows this is not a typical diet book. Wansink shares his scientific approach to eating, providing insight and information, so we can all make better choices when it comes to food. The pioneer of the Small Plate Movement, Brian Wansink presents compelling research conducted at the Food and Brand Lab at Cornell University by way of cartoons, drawings, charts, graphs, floor plans, and more. *Slim by Design* offers innovative ways to make healthy eating mindlessly easy.

***Mindless Eating*** Aug 02 2022 A food psychologist identifies hidden factors, motivations, and cues that cause overeating and offers practical solutions to help avoid these hidden traps and enjoy food without putting on excess pounds.

***Mindful Eating 101*** Dec 26 2021 In this book, Dr. Susan Albers, brings her unique approach to college students, their parents, and college staff. Using the principles of mindfulness, Dr. Albers presents a guide to healthy eating and self acceptance that will help

readers navigate the weight obsessed, diet crazed, high pressured, fast food saturated college environment, establishing patterns of eating that will form the groundwork for a healthier life well beyond college. More than a new diet book or collection of superficial self-affirmations, this book gets at issues such as the importance of making informed choices and the value of self acceptance and good health.

**Mindful Eating** Nov 12 2020 While you've probably heard about the popular trends of detoxing and cleansing, you may not have heard about the importance of checking the pH levels in your body. And while you may know that sugar is "bad for you," you may not know that it can be directly linked to chronic illness. Mindful Eating is more than just another diet book. In this easy-to-read guide to nutrition, you can actually learn the basic science of what food does to and for your body. It's like going back to health class, and it all makes life-changing sense! Food isn't just for nourishment. Eating the right food can actually help heal your body. Discover the health benefits of different types of food-from spices, herbs, and teas to fruits, grains, and vegetables-and learn how incorporating them into your lifestyle can increase your energy and decrease your need for medication. In addition to educating you on the essentials of nutrition, this book also includes a five-week meal plan, complete with recipes and shopping lists, which you can use at the turn of each season. Start eating toward a healthier and happier you today!

*The Alternate-Day Diet* Oct 31 2019 The original intermittent fasting plan: easy to follow,

effective, and science-based. The Alternate-Day Diet is based on scientific and clinical studies that show how restricting calories only every other day activates a gene called SIRT1, the "skinny" gene, which results in reduced inflammation, improved insulin resistance, better cellular energy production, and releasing fat cells from around the organs to promote weight loss. This easy-to-follow two step plan will enable readers to enjoy these remarkable and measurable benefits: ? Lose fat easily and quickly without deprivation, discomfort, or stress ? Improve fat metabolism and avoid regaining lost fat ? Slow the aging process ? Find relief from symptoms of asthma, heart disease, Type 2 diabetes, autoimmune and inflammatory diseases, and menopause-related hot flashes

*Mindful Eating* Jul 21 2021 Are you seeking out a healthy way to help yourself overcome eating issues or an eating disorder? Are you already familiar with the concept of mindful eating, but you want to find a book that you can use as your bible on the subject? Maybe you have tried eating mindfully before, but know that without the relevant and vital information you need, any attempts to change your diet will likely be futile. Or perhaps you have never even heard of mindful eating, but you are desperate to make a change for the better and are willing to try anything? Have no fear! *Mindful Eating* is the perfect book for you, packed with essential tips and tricks about how you can begin changing your diet for the better, and subsequently improve your life in the process. And the best part? If you follow the guidance in this book, then you can still eat whatever you want! Mindfulness is a

practice that allows you to gain control over your eating habits and make changes for the better. Mindful eating allows you to seek methods that tackle eating problems head on, and release their power over you. Gone will be the days of stressfully counting calories, restricting what you can eat, and creating a bad relationship with food. Reading this book will not only change the way that you eat, but it will also change your life. Can you really afford to miss out on such life-altering information? In this book, learn more about this and so many more benefits that come from mindful eating. Inside *Mindful Eating* discover: ? How to find the middle ground between restrictive eating and eating mindlessly ? How you can eat any food you want if you are a mindful eater (absolutely no foods are off-limits) ? How to Find Joy in Every Bite ? How to cope with your personal and emotional problems without overeating ? How to identify overeating triggers and how to deal with them ? Practical tips to help you with your weight loss efforts ? How to eat Mindfully during holidays, special events, or when going out ? How to overcome binge eating, emotional eating, and other eating disorders in a healthy way ? How to deal with your cravings And much, much more! Isn't it time you took back control of what you put into your body? Grab a copy of *Mindful Eating*, and change your life for the better today!

*Mindful Eating* Jun 19 2021 Turn food from foe to friend with this bestselling guide to developing healthy eating habits through mindfulness practices—from a beloved Zen teacher Food. It should be one of life's great pleasures, yet many of us have such a

conflicted relationship with it that we miss out on that most basic of satisfactions. But it is possible—and not really all that difficult—to reclaim the joy of eating, according to Dr. Jan Bays. Mindfulness is the key. Her approach involves bringing one's full attention to the process of eating—to all the tastes, smells, thoughts, and feelings that arise during a meal. She shows you how to:

- Tune into your body's own wisdom about what, when, and how much to eat
- Eat less while feeling fully satisfied
- Identify your habits and patterns with food
- Develop a more compassionate attitude toward your struggles with eating
- Discover what you're really hungry for

Whether you are overweight, suffer from an eating disorder, or just want to get more out of life, this book offers a simple tool that can transform your relationship with food into one of ease and delight. This new edition, updated throughout, contains a new chapter on how to provide children with a foundation in mindful eating that will serve them well all the rest of their lives. It also includes a link to a 75-minute on-line audio program of mindful eating exercises led by the author.

**Mindful Eating** Mar 29 2022 Do I really need another biscuit/ sweet/ cake/ crisp? Ask yourself the question next time you dive for the biscuit tin. Many of us fall easily into patterns of "mindless" eating. We pick at food while working at our computers, we reach for the quickest - and usually the unhealthiest - snacks for a quick energy boost, we don't take proper lunch breaks, we are constantly distracted while we eat. We have lost a lot of the enjoyment of eating and as a result we are guilty of just "shoveling" food into our

bodies. Mindful eating applies the principles of mindfulness to our everyday eating habits. Becoming mindful of what we are eating allows us to become more aware of the whole experience of eating, and helps us to appreciate and savour our food. By eating mindfully we can also break negative habits such as overeating. It also helps us to avoid the pitfalls of yo-yo dieting, and so enables us to lose weight and keep it off for good. This book shows how we can use mindfulness to aid weight loss by really listening to our body. Filled with practical exercises and delicious recipes, Mindful Eating will set you on the path to a new and healthier way of eating.

**The Joy of Half a Cookie** Apr 05 2020 Anyone who's tried to lose weight through sheer will power knows how difficult, if not impossible, it can be. In this practical and paradigm-shifting book, Dr. Jean Kristeller presents a new alternative--a program for weight loss based on her successful Mindfulness-Based Eating Awareness Training Program. Instead of frustration, depravation, backsliding, guilt, and a lack of results, The Joy of Half a Cookie provides simple, proven ways to lose weight and keep it off, using what we now know about the power of the mind. The first book to bring mindfulness to the dieting space in a truly accessible and mainstream way, The Joy of Half a Cookie will show readers how to lose weight while: ditching willpower, guilt, and cravings loving every bite, including favorite and previously "forbidden" foods tapping into the body's satiety signals Written for anyone who wants to lose weight – not just the mediation and yoga crowd – this accessible

book delivers a proven way to find peace of mind and a healthier relationship with food, for life.

**Mindless Eating** Oct 04 2022 A food psychologist identifies hidden factors, motivations, and cues that cause overeating and offers practical solutions to help avoid these hidden traps and enjoy food without putting on excess pounds.

**Eat More of What You Love** Sep 30 2019 The author of *Eat What You Love* is back with another volume of recipes that aim to recreate restaurant and home-cooked indulgences, but with less sugar, fat and calories.

*Slim by Design* May 31 2022 In this paradigm-shattering book, leading behavioural economist and food psychologist Brian Wansink - dubbed the 'Sherlock Holmes of food' and the 'wizard of why' - offers a radical new philosophy for weight loss. The answer isn't to tell people what to do: it's to set up their living environments so that they will naturally lose weight. Using cutting-edge, never-before-seen research from his acclaimed Food and Brand Lab at Cornell University, Wansink reveals how innovative and inexpensive design changes - from home kitchens to restaurants, from grocery stores to schools and workplaces - can make it mindlessly easy for people to eat healthier and make it more profitable for the companies who sell the food. In *Slim by Design*, Wansink argues that the easiest, quickest and most natural way to reverse weight gain is to work with human nature, not against it. He demonstrates how schools can nudge kids to take an apple instead of a cookie, how

restaurants can increase profits by selling half-size portions, how supermarkets can double the amount of fruits and vegetables they sell, and how anyone can cut plate refills at home by more than a third. Interweaving drawings, charts, floor plans and scorecards with new scientific studies and compelling insights that will make you view your surroundings in an entirely fresh way, this entertaining, eye-opening book offers practical solutions for changing your everyday environment to make you, your family and even your community slim by design.

**The Mindful Eating Workbook** Feb 02 2020 Establish a practice of mindful eating with actionable strategies and exercises from The Mindful Eating Workbook. Eating mindlessly is easy--eating mindfully takes practice. The Mindful Eating Workbook offers actionable, mindfulness-based strategies and exercises to adopt a mindful eating practice and nurture a healthy relationship with food. Vincci Tsui, a "non-diet" dietitian and certified Intuitive Eating counselor, offers step-by-step guidance to core concepts and philosophies of mindful eating. Applying theory to practice, this mindful eating workbook uses a combined approach of reflective exercises and strategies to reconnect you with your body and your needs. The Mindful Eating Workbook includes: Mindful eating 101 explores the lifelong benefits of eating mindfully, and outlines how you can bring this practice into your life. Real strategies to practice mindfulness while cooking and eating, and using mindfulness to recognize your body's signals. Reflective exercises that include assessments, journal entries,

and observation logs to keep track of your journey and progress. Savoring flavors, intuitively nourishing your body, and appreciating food's true purpose to provide energy--mindful eating isn't a diet, it is a way of life. Start practicing mindful eating with The Mindful Eating Workbook.

**Mindful Eating** Jun 07 2020 Izelle Hoffman is on a mission to change perceptions about food and to increase awareness of the benefits of eating the right foods and choosing a life of health and wellness. Did you know, for instance, that the humble sweet potato contains anti-inflammatory properties and regulates blood sugar levels? And that raw honey isn't simply a sweetener – it has antifungal and antiviral properties as well? In *Mindful Eating*, Izelle encourages you to rethink what you put in your body in a fun, healthy way, and demonstrates that living a healthy lifestyle doesn't mean that your diet needs to be boring and restricted, especially where vegetables are concerned. By sharing her recipes for energising breakfasts, quick weekday meals, sweet baked goodies, classics with a healthy (Izelle-approved) twist and family favourites, among others, Izelle aims to help you take back control of your wellbeing. Packed with delicious, nutritious and deceptively simple recipes, *Mindful Eating* is more than a cookbook; it is an inspirational and motivational guide to leading a healthy lifestyle through good eating.

**Mindless Eating** Nov 05 2022 A food psychologist identifies hidden factors, motivations, and cues that cause overeating and offers practical solutions to help avoid these hidden traps

and enjoy food without putting on excess pounds.

*Deadly Feasts* Jan 03 2020 In this brilliant and gripping medical detective story. Richard Rhodes follows virus hunters on three continents as they track the emergence of a deadly new brain disease that first kills cannibals in New Guinea, then cattle and young people in Britain and France -- and that has already been traced to food animals in the United States. In a new Afterword for the paperback, Rhodes reports the latest U.S. and worldwide developments of a burgeoning global threat.

*Mindless Eating* Sep 03 2022 This book will literally change the way you think about your next meal. Food psychologist Brian Wansink revolutionizes our awareness of how much, what, and why we're eating—often without realizing it. His findings will astound you. • Can the size of your plate really influence your appetite? • Why do you eat more when you dine with friends? • What “hidden persuaders” are used by restaurants and supermarkets to get us to overeat? • How does music or the color of the room influence how much—and how fast—we eat? • How can we “mindlessly” lose—instead of gain—up to twenty pounds in the coming year? Starting today, you can make more mindful, enjoyable, and healthy choices at the dinner table, in the supermarket, at the office—wherever you satisfy your appetite.

*Savor Every Bite* Apr 17 2021 Savor your food, soothe difficult emotions, and enjoy every moment with powerful mindfulness practices! Do you turn to food when you're feeling

bored, depressed, or anxious? Do you judge your body for not fitting into some ideal shape or size? If so, you aren't alone. Diet culture has sabotaged our relationship with food and our bodies. As a result, many of us are confused—attaching shame to our food choices and judging our bodies. It's time to break free! *Savor Every Bite* offers powerful mindfulness and compassion practices for soothing difficult emotions and cultivating positive coping strategies. From psychologist and mindful eating expert Lynn Rossey, this book provides daily tips and tools for whole-body healing—including how to eat mindfully, move your body in ways that feel delicious, and live with greater ease and joy. With this guide, you'll learn mindfulness skills to help you navigate the difficulties of daily life and cultivate a lasting sense of calm, clarity, and profound happiness. It's time to start savoring your life!

*The Wiley Blackwell Handbook of Mindfulness* Jan 27 2022 The Wiley Blackwell Handbook of Mindfulness brings together the latest multi-disciplinary research on mindfulness from a group of international scholars: Examines the origins and key theories of the two dominant Western approaches to mindfulness Compares, contrasts, and integrates insights from the social psychological and Eastern-derived perspectives Discusses the implications for mindfulness across a range of fields, including consciousness and cognition, education, creativity, leadership and organizational behavior, law, medical practice and therapy, well-being, and sports 2 Volumes

**Eat, Drink, and Be Mindful** Feb 25 2022 Presents tools for applying the principles of

mindful eating to daily life, such as self-assessment questions and tables that track eating patterns and the emotions accompanying them.

**The Mindful Vegan** Jun 27 2019 Discover how to shed old thinking patterns—and live more joyfully with food. Are you ready to get to the roots of your challenges around food—whether it's gratuitous snacking, compulsive or emotional eating, indulging cravings, overeating, or other disheartening habits? Be ready to get mindful. Mindfulness can be the deciding factor between your successful adoption of a healthy vegan diet and repeated frustrating attempts. This simple technique goes under the surface of what is hampering your happiness, providing a sought-after solution to many of life's ups and downs by rewiring your reactivity to challenges. Certified mindfulness meditation facilitator, award winning health educator, and longtime vegan advocate Lani Muelrath has been practicing mindfulness meditation for 25 years. In *The Mindful Vegan*, she teaches you how to practice mindfulness and shows how it can bring freedom and a new joy to your eating—and living—experience. Backed by extensive research, with step-by-step instructions, personal stories, positivity, humor, and a handful of delicious recipes, *The Mindful Vegan* will help you emancipate yourself from the stranglehold that mindless and compulsive eating have on your weight, health, food choices, and, most of all, peace of mind. With Lani's guidance, you'll learn the techniques of mindfulness meditation, opening the door to creating a more resilient vegan lifestyle. You'll discover why eating in a way

that lines up with your convictions about health, the environment, and ethics reduces stress and increases happiness. The Mindful Vegan sets you on a path to cultivating your capacity for genuine happiness and a more peaceful life--in a way that is personally satisfying and aligned with your deepest values. This book is for anyone who wants to be free of frustrating and baffling eating behaviors, experience a new ease around eating, and discover their naturally healthy body and weight. Stop stressing. Start living—and eating—mindfully. Your body and mind will thank you.

Savor Jan 15 2021 Common sense tells us that to lose weight, we must eat less and exercise more. But somehow we get stalled. We start on a weight-loss program with good intentions but cannot stay on track. Neither the countless fad diets, nor the annual spending of \$50 billion on weight loss helps us feel better or lose weight. Too many of us are in a cycle of shame and guilt. We spend countless hours worrying about what we ate or if we exercised enough, blaming ourselves for actions that we can't undo. We are stuck in the past and unable to live in the present—that moment in which we do have the power to make changes in our lives. With Savor, world-renowned Zen master Thich Nhat Hanh and Harvard nutritionist Dr. Lilian Cheung show us how to end our struggles with weight once and for all. Offering practical tools, including personalized goal setting, a detailed nutrition guide, and a mindful living plan, the authors help us to uncover the roots of our habits and then guide us as we transform our actions. Savor teaches us how to easily adopt the practice of

mindfulness and integrate it into eating, exercise, and all facets of our daily life, so that being conscious and present becomes a core part of our being. It is the awareness of the present moment, the realization of why we do what we do, that enables us to stop feeling bad and start changing our behavior. Savor not only helps us achieve the healthy weight and well-being we seek, but it also brings to the surface the rich abundance of life available to us in every moment.

*Press Pause Before You Eat* Sep 22 2021 For all the times you've said, "Why did I just eat that?" Say good-bye to one of the most overlooked areas of our relationship to food -- mindless eating. This groundbreaking book shines new light on why we eat along with practical, proven strategies to control our eating. Does your busy schedule translate into eating on the run or skipping meals altogether? Is your life so filled with multitasking and on-the-go consumption that eating becomes a thing to do while doing other things? Dr. Linda knows that all too often such eating becomes a source of guilt and distress. The more stressed we feel, the more food becomes a source of gratification and relief -- a numbing agent. Dieting treats only symptoms. "Unless people are coached to be intentional about their eating, they will continue to eat mindlessly and be part of the 90 to 95 percent of failed dieters," writes Dr. Linda. "A new approach is needed -- one that addresses the emotional, relational, and spiritual side of our relationship to food." Food is not your enemy; it is something you can once again enjoy! Dr. Linda deals with the root causes of unintentional

eating and restores your joy of eating. This is your practical guide to cultivating a healthy awareness of eating that attends to your body, soul, and spirit.

**Eating Mindfully** Nov 24 2021 Presents a guide to healthy eating that focuses on the use of Buddhist mindfulness techniques to develop an open and objective awareness of one's mind and eating habits first, and then using that awareness to adopt beneficial eating habits.

Original.

Mindful Eating Jul 01 2022 Turn food from foe to friend with this bestselling guide to developing healthy eating habits through mindfulness—from a Zen teacher Food. It should be one of life's great pleasures, yet many of us have such a conflicted relationship with it that we miss out on that most basic of satisfactions. *A Joosr Guide to ... Mindless Eating by Brian Wansink Sep 10 2020*

**Mindful Eating on the Go** May 07 2020 A compact, carry-along collection of meditative eating practices to use wherever you happen to be. Eating should be a source of joy—not a cause of angst, stress, or calorie-counting. Jan Chozen Bays’s 2009 edition of *Mindful Eating* demonstrated the timeliness of that message in a world where our relationship with food is often negatively charged to the point where eating disorders are epidemic. Her approach ties together the latest science with Buddhist mindfulness techniques (she’s an MD as well as a Zen teacher) in a way that’s brought amazing results to folks who had no idea eating could be such a fulfilling and fun activity. With this little book, Jan now makes mindful eating even more accessible, providing simple exercises you can use anywhere in a small format you can keep in your pocket or purse to pull out for inspiration wherever you might be—any time you want to find a way to reconnect with eating as one of life’s great joys.

**So Much I Want to Tell You** Jul 09 2020 From Internet sensation Anna Akana comes a candid and poignant collection of essays about love, loss, and chasing adulthood. In 2007, Anna Akana lost her teen sister, Kristina, to suicide. In the months that followed, she realized that the one thing helping her process her grief and begin to heal was comedy. So she began making YouTube videos as a form of creative expression and as a way to connect with others. Ten years later, Anna has more than a million subscribers who watch her smart, honest vlogs on her YouTube channel. Her most popular videos, including “How to Put On

Your Face” and “Why Girls Should Ask Guys Out,” are comical and provocative, but they all share a deeper message: Your worth is determined by you and you alone. You must learn to love yourself. In *So Much I Want to Tell You*, Anna opens up about her own struggles with poor self-esteem and reveals both the highs and lows of coming-of-age. She offers fresh, funny, hard-won advice for young women on everything from self-care to money to sex, and she is refreshingly straightforward about the realities of dating, female friendship, and the hustle required to make your dreams come true. This is Anna’s story, but, as she says, it belongs just as much to Kristina and to every other girl who must learn that growing up can be hard to do. Witty and real, Anna breaks things down in a way only a big sister can. Praise for *So Much I Want to Tell You* “This book is filled with the kind of honesty, vulnerability, and determination that makes Anna such a captivating person. One warning: You’ll want to hug her a lot while reading this.”—Natalie Tran, actress and comedian “As a woman working in entertainment, Anna Akana is accustomed to feeling vulnerable. Which means that she’s used to being brave. This book is a tribute to the duality of bravery and fear as told through Anna’s experiences to date.”—Hannah Hart, *New York Times* bestselling author of *Buffering: Unshared Tales of a Life Fully Loaded* “Frank advice on how to live a productive, happy life . . . written in tribute to a ‘fearless, talented, and bold’ sister.”—Kirkus Reviews

**Mindful Eating For Dummies** Mar 05 2020 Mindful Eating Embrace mindful eating and
