The Working Class in Glasgow Jun 06 2020 Originally published in 1987, this book examines how much industrialisation improved the standard of living of the British worker, based on the experience of one representative city: Glasgow. It analyses whether there was an increase in skilled as opposed to unskilled labour in major industrial centres - as for example in Glasgow, manufacturing shifted from textiles to engineering. Other important issues such as the rate of housing construction, public health, local politics and leisure pursuits are also considered. Glasgow has a long history of working-class culture and is therefore a particularly interesting city to study.

Ellen Glasgow Sep 29 2019 With such critically acclaimed and best-selling novels as Barren Ground, The Sheltered Life, Vein of Iron, and the Pulitzer Prize-winning In This Our Life, Ellen Glasgow (1873-1945) established herself as one of America's most talented, dedicated, and influential writers. Chronicling the struggles of a fallen South, she pioneered a poetic realism that influenced a generation of southern writers (Robert Penn Warren, Eudora Welty, and William Faulkner

among them) and shaped the course of American letters. In *Ellen Glasgow: A Biography*, Susan Goodman vividly brings to life the famously secretive writer, penetrating the myths, half-truths, and lies that have swirled around Glasgow since the publication of her first novel, *The Descendent*, in 1896. Drawing on previously unpublished papers and personal interviews, Goodman uncovers the engrossing details of Glasgow's family history, social milieu, personal tragedies, and literary career.

Gendered Citizenship Dec 25 2021 This book explores how citizenship is differently gendered and performed across national and regional boundaries. Using 'citizenship' as its organizing concept, it is a collection of multidisciplinary approaches to legal, socio-cultural and performative aspects of gender construction and identity: violence against women, victimhood and agency, and everyday issues of socialization in a globalized world. It brings together scholars of politics, media, and performance who are committed to dialogue across both nation and discipline. This study is the culmination of a two-year project on the topic of 'Gendered Citizenship', arising from an international collaboration that has sought to develop a comparative and yet singular perspective on performance in relation to key political themes facing our countries of origin in the early decades of this century. The research is interdisciplinary and multinational, drawing on Indian, European, and North and South American contexts.

Glasgow's Black Heart Apr 04 2020 Glasgow is the largest city in Scotland. It is a city of culture, of impressive architecture, enterprise and endeavour, and is one of warm-hearted, generous people. But it also has a dark side. Beneath the busy streets, the Victorian sandstone and urban trendiness lies a black heart that beats in rhythm with the roar of the traffic and the echo of footsteps on concrete. It is a black heart pumped by greed and lust, violence and murder. And it has beaten since the city first sprang up on that dear, green place on the banks of the Molendinar Burn. This is the epic story of Glasgow crime.

Beginning in 1624 when the Tolbooth was built at Glasgow Cross to house the courts and town jail, author Douglas Skelton covers four centuries of Glasgow's hidden history, tracing the formation of the first paid police force in Britain, the Black Assizes of the circuit court and the formation of the city's own High Court of Justiciary. Here you will find the pimps and pushers, gangsters and gangleaders, rioters and robbers who flooded the veins of the city. Famous felons rub shoulders with their less notorious, but equally vicious, counterparts. Here also are the thief-takers, cops, lawyers and judges who tried to stem the gushing flow, some with more success than others. These stories may not be what the City Fathers would like to see on Glasgow's CV, but they are as much a part of its traditions and its legacy as the fish, the bell and the tree.

At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. [Glasgow Smells Better](#) Jun 30 2022 Comparing the Glasgow of the 70s and 80s with the Glasgow of today - looking at its culture, its humour, the rise and fall of its heavy industry and the hopes for its future.

Glasgow Jan 26 2022 Beloved, reviled - and not only by Glaswegians - Glasgow isn't just the Industrial Revolution nor the Victorian slums. Founded in the sixth century, its forebears pushed back the Romans. The roof of its cathedral, founded in the twelfth century, survived the Reformation. Its fifteenth-century university welcomed Adam Smith and the Enlightenment. It prospered from sugar, tobacco, cotton and slavery in the eighteenth century, and saw the rise of the Red Clydesiders in the twentieth. Glasgow's not just a city, it's an urban civilization in itself, unique and fruitful. Its denizens have seen the city rise and fall, they have survived bombs and demolitions, and somehow kept their humour intact. Now these people and this city play a pivotal role in Scotland's future, and in the future of the UK. It's time for a book that tells the story in all its complexity.

[Glasgow Girls](#) Nov 04 2022 This book provides a comprehensive overview of the work of women artists and designers in Glasgow at the turn of the century. It is an investigation into their lives, their achievements and the historical circumstances in which they found themselves. Because of the breadth of its scope, it has involved gathering together contributions by a number of scholars working in a variety of different specialisms. Several of the texts are reproduced from earlier articles which have proved so influential that it was felt they deserved to be brought to a much wider readership. Placed in the context of an extensive body of new writings, the result is intended to offer as complete a survey of relevant scholarship in this field as is possible at the present time.

[Glasgow](#) Jul 28 2019 Glasgow is enshrined in the popular consciousness as a city of multiple and often contradictory identities. The 'Second City of Empire', the 'Venice of the North', 'Red Clydeside' and the 'Merchant City' are a few of the phrases that have been used to project the Glasgow image, positively and negatively. This new and

extensively illustrated history explores the reality behind these stereotypes, showing Glasgow's considerable longevity as a Scottish ecclesiastical and commercial centre, yet focusing on the profound social, economic and political changes over the nineteenth and twentieth centuries. Glasgow uses much original material to illustrate the rich diversity of cultural influences that have contributed to the city's distinctive urban character. Particular emphasis is given to the people who shaped the ideas and attitudes of the times. Nineteenth-century economic success, most celebrated in the enduring mystique of Clyde shipbuilding, was associated with high-profile entrepreneurs who embodied both cosmopolitanism and individualism. At the same time, there was a passion in the projection of the progressive city and a commitment to social improvement that found expression in the assertive and increasingly collectivist brand of Glaswegian politics. Yet, as the author explains, Glasgow's strong sense of civic patriotism was often overwhelmed by the sheer intensity of social problems, in one of the world's most populous cities by 1914. The dislocation of war and the trauma of economic depression gave further impetus to the quest for solutions, which took dramatic (if controversial) shape in post-1945 planning policies. Contemporary Glasgow thus bears the legacy of twentieth-century industrial decline as well as cultural renewal, although Glasgow shows that there is nothing novel about regeneration strategy in a city which has a long tradition of blending innovation with historical continuity. Daisy Chain Sep 21 2021 'A wholly delightful novel' Allan Massie, Scotsman Lily Crawford and Jeanie Taylor, from very different backgrounds, are firm friends from their childhoods in Kirkcudbright. They share their ambitions for their futures, Lily to be an artist, Jeanie to be a dancer. The two women's eventful lives are intertwined. In the years before the First World War, the girls lose touch when Jeanie runs away from home and joins a dance company, while Lily attends The Mack, Glasgow's famous school of art designed by Charles Rennie Mackintosh. A chance meeting reunites them and together they discover a Glasgow at the height of its wealth and power as the Second City of the Empire - and a city of poverty and overcrowding. Separated once again after the war, Lily and Jeanie find themselves on opposite sides of the world. Lily follows her husband to Shanghai while Jeanie's dance career brings her international fame. But the glamour and dissolution of 1920s Shanghai finally lead Lily into peril. Her only hope of survival lies with her old friend Jeanie, as the two women turn to desperate measures to free Lily from danger. Inspired by the eventful and colourful lives of the pioneering women artists The Glasgow Girls, particularly that of Eleanor Allen Moore, Daisy Chain is a story of independence, women's art, resilience and female friendship, set against the turbulent background of the early years of the 20th century.
