*A Journal for Jordan* Oct 19 2021 NEW YORK TIMES BESTSELLER • “A hauntingly beautiful account of a family fractured by war . . . filled with vivid and heartbreaking details.”—The New York Times Book Review SOON TO BE A MAJOR MOTION PICTURE • “Full of wonderful treasures offered by a unique and spirited father . . . written with serene grace: part memoir, part love story, all heart.”—James McBride, author of *The Color of Water* In 2005, Dana Canedy’s fiancé, First Sergeant Charles Monroe King, began to write what would become a two-hundred-page journal for his son in case he did not make it home from the war in Iraq. He was killed by a roadside bomb on October 14, 2006. His son, Jordan, was seven months old. Inspired by his example, Dana was determined to preserve his memory for their son. *A Journal for Jordan* is a mother’s fiercely honest letter to her child about the parent he lost before he could even speak. It is also a father’s advice and prayers for the son he will never know. A father figure to the soldiers under his command, Charles moved naturally into writing to his son. In neat block letters, he counseled him on everything from how to withstand disappointment and deal with adversaries to how to behave on a date. And he also wrote of recovering a young soldier’s body, piece by piece, from a tank—and the importance of honoring that young man’s life. He finished the journal two months before his death while home on a two-week leave, so intoxicated with love for his infant son that he barely slept. This is also the story of Dana and Charles together—two seemingly mismatched souls who loved each other deeply and lost each other too soon. *A Journal for Jordan* is a tender introduction, a loving good-bye, a reporter’s inquiry into her soldier’s life, and a heartrending reminder of the human cost of war.

**Kindred: A Graphic Novel Adaptation** Aug 17 2021 Octavia E. Butler's bestselling literary science-fiction masterpiece, Kindred, now in graphic novel format. More than 35 years after its release, Kindred continues to draw in new readers with its deep exploration of the violence and loss of humanity caused by slavery in the United States, and its complex and lasting impact on the present day. Adapted by celebrated academics and comics artists Damian Duffy and John Jennings, this graphic novel powerfully renders Butler's mysterious and moving story, which spans racial and

gender divides in the antebellum South through the 20th century. Butler's most celebrated, critically acclaimed work tells the story of Dana, a young black woman who is suddenly and inexplicably transported from her home in 1970s California to the pre-Civil War South. As she time-travels between worlds, one in which she is a free woman and one where she is part of her own complicated familial history on a southern plantation, she becomes frighteningly entangled in the lives of Rufus, a conflicted white slaveholder and one of Dana's own ancestors, and the many people who are enslaved by him. Held up as an essential work in feminist, science-fiction, and fantasy genres, and a cornerstone of the Afrofuturism movement, there are over 500,000 copies of *Kindred* in print. The intersectionality of race, history, and the treatment of women addressed within the original work remain critical topics in contemporary dialogue, both in the classroom and in the public sphere. Frightening, compelling, and richly imagined, *Kindred* offers an unflinching look at our complicated social history, transformed by the graphic novel format into a visually stunning work for a new generation of readers.

**Dana's Walk** Sep 05 2020 Johnston shares a mother's experience of bringing up a child with a disability, offering support to mothers who find themselves in a similar situation.

*Kindred* Oct 31 2022 From the New York Times bestselling author of *Parable of the Sower* and MacArthur "Genius" Grant, Nebula, and Hugo award winner The visionary time-travel classic whose Black female hero is pulled through time to face the horrors of American slavery and explores the impacts of racism, sexism, and white supremacy then and now. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect

Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's *The Underground Railroad* and Ta-Nehisi Coates's *The Water Dancer*, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise" (New York Times). "Reading Octavia Butler taught me to dream big, and I think it's absolutely necessary that everybody have that freedom and that willingness to dream." —N. K. Jemisin The series adaption from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (*Watchmen*), executive producers also include Joe Weisberg and Joel Fields (*The Americans*, *The Patient*), and Darren Aronofsky (*The Whale*). Janicza Bravo (*Zola*) is director and an executive producer of the pilot. *Kindred* stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin.

Wayward Mar 31 2020 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • A "furious and addictive new novel" (The New York Times) about mothers and daughters, and one woman's midlife reckoning as she flees her suburban life. "A virtuosic, singular and very funny portrait of a woman seeking sanity and purpose in a world gone mad." —The New York Times Book Review "Riddled with insights into aging, womanhood, and discontent, *Wayward* is as elegant as it is raw, and almost as funny as it is sad." —Philadelphia Inquirer "A comic, vital new novel." —The New Yorker Samantha Raymond's life has begun to come apart: her mother is ill, her teenage daughter is increasingly

remote, and at fifty-two she finds herself staring into "the Mids"—that hour of supreme wakefulness between three and four in the morning in which women of a certain age suddenly find themselves contemplating motherhood, mortality, and, in this case, the state of our unraveling nation. When she falls in love with a beautiful, decrepit house in a hardscrabble neighborhood in Syracuse, she buys it on a whim and flees her suburban life—and her family—as she grapples with how to be a wife, a mother, and a daughter, in a country that is coming apart at the seams. Dana Spiotta's *Wayward* is a stunning novel about aging, about the female body, and about female complexity in contemporary America. Probing and provocative, brainy and sensual, it is a testament to our weird times, to reforms and resistance and utopian wishes, and to the beauty of ruins.

**Siren Sisters** Jun 02 2020 "Lolly Salt's three sisters are sirens--young women who lure ships to their doom--and as Lolly's 13th birthday approaches she's about to become one too. **Hoot** Sep 29 2022 Roy, who is new to his small Florida community, befriends a mysterious boy who introduces him to potty-trained alligators, burrowing owls, and sparkly-tailed poisonous snakes. A Newbery Honor Book, ALA Notable Book, & ALA Best Book for Young Adults. Reissue.

*The Body Tourist* Nov 07 2020 In this moving and funny memoir that spans the six years following the author's purported recovery from anorexia, Dana Lise Shavin offers a candid and ultimately optimistic window into the mindset and machinations of a mental illness whose tentacles reached deep into her life, long after she was considered "cured." In 1981, Shavin graduated from college with a BA in Psychology. It had been a difficult venture that included an expulsion, a four-month institutionalization, and a multitude of transfers. By the time it was over, she was convinced she was

cured, and that it was time to start curing others. "I'm ready," she told her parents, her therapist, and friends—all of whom shook their heads in horror at her 95-pound, 5'9" frame. Undaunted, she landed a job as a counselor in a halfway house for drug and alcohol addicts. If anyone knew what it took to become a happy, functioning adult, Shavin was convinced she was the one. As anyone would suspect, the burden of self-contempt, faulty logic, and interpersonal turmoil that are the character traits of depressive disorders and addictions do not miraculously disappear once medication and therapy have taken effect. Where, then, do these dangerous obsessions, such as the wish for obliteration (which often co-exists with the wish for immortality), go once a person sets foot on the road to recovery? For Shavin, they lived beneath the radar of her supposed new-found health, disguising themselves in the falling-down houses she happily moved into and the dangerous neighborhoods she somehow didn't fear. They announced themselves in the deeply flawed men she professed to adore, the food rituals she thought were normal, the ordinary sex she could not have, and, most profoundly, her inability to acknowledge her father's illness and encroaching death. While many writers have written candidly and eloquently about their struggles with depression, addictions, and eating disorders, those stories usually conclude once there is progress toward recovery. Beyond recovery—whether from addiction, illness, the death of a loved one, or divorce—there is another story, one that is about how we re-join the world, and, in the living years that follow the darkness, pursue a life that is creative, engaged, and deeply felt in one's body.

From the perspective of those who live in Herot Hall, the suburb is a paradise. Picket fences divide buildings—high and gabled—and the community is entirely self-sustaining. Each house has its own fireplace, each fireplace is fitted with a container of lighter fluid, and outside—in lawns and on playgrounds—wildflowers seed themselves in neat rows. But for those who live surreptitiously along Herot Hall’s periphery, the subdivision is a fortress guarded by an intense network of gates, surveillance cameras, and motion-activated lights. For Willa, the wife of Roger Herot (heir of Herot Hall), life moves at a charmingly slow pace. She flits between mommy groups, playdates, cocktail hour, and dinner parties, always with her son, Dylan, in tow. Meanwhile, in a cave in the mountains just beyond the limits of Herot Hall lives Gren, short for Grendel, as well as his mother, Dana, a

former soldier who gave birth as if by chance. Dana didn't want Gren, didn't plan Gren, and doesn't know how she got Gren, but when she returned from war, there he was. When Gren, unaware of the borders erected to keep him at bay, ventures into Herot Hall and runs off with Dylan, Dana's and Willa's worlds collide.

**The Book of Why** May 02 2020 A Turing Award-winning computer scientist and statistician shows how understanding causality has revolutionized science and will revolutionize artificial intelligence "Correlation is not causation." This mantra, chanted by scientists for more than a century, has led to a virtual prohibition on causal talk. Today, that taboo is dead. The causal revolution, instigated by Judea Pearl and his colleagues, has cut through a century of confusion and established causality -- the study of cause and effect -- on a firm scientific basis. His work explains how we can know easy things, like whether it was rain or a sprinkler that made a sidewalk wet; and how to answer hard questions, like whether a drug cured an illness. Pearl's work enables us to know not just whether one thing causes another: it lets us explore the world that is and the worlds that could have been. It shows us the essence of human thought and key to artificial intelligence. Anyone who wants to understand either needs *The Book of Why*.

**Summary of Deb Dana's Polyvagal Exercises for Safety and Connection** Feb 20 2022 Please note: This is a companion version & not the original book. Sample Book Insights: #1 The autonomic nervous system, which is responsible for the reactions of the body, is also responsible for the responses and recoveries from the challenges of daily living. #2 The autonomic nervous system is

made up of three parts, each with its own set of protective actions. The earliest dorsal vagal system brings strategies of immobilization. The sympathetic system, next to arrive, adds fight and flight. The most recent ventral vagal system offers the ability for safety through connection and social engagement. #3 Neuroception, detection without awareness, describes the way the autonomic nervous system interfaces with the world. Reshaping the autonomic nervous system involves first making the implicit experience explicit by bringing perception to neuroception and then adding context through the lens of discernment. #4 Co-regulation is a biological imperative. It is essential to survival. The ability to self-regulate is built on ongoing experiences of co-regulation. With a reliable, regulating other, we engage in the rhythm of reciprocity and build experiences of safety in connection.
