Guanzi Jan 15 2021 Named for the famous Chinese minister of state Guan Zhong (d. 645 B.C.), the Guanzi is one of the largest collections of ancient Chinese writings still in existence. With this volume, W. Allyn Rickett completes the first full translation of the Guanzi into English. Throughout the text, Rickett provides extensive notes. He also supplies an introduction to the volume and a comprehensive index.

The Sinitic Civilization Book II Jan 27 2022 The Sinitic Civilization A Factual History through the Lens of Archaeology, Bronzeware, Astronomy, Divination, Calendar and the Annals The book covered the time span of history of the Sinitic civilization from antiquity, to the 3rd millennium B.C. to A.D. 85. A comprehensive review of history related to the Sinitic cosmological, astronomical, astrological, historical, divinatory, and geographical developments was given. All ancient Chinese calendars had been examined, with the ancient thearchs' dates examined from the perspective how they were forged or made up. The book provides the indisputable evidence regarding the fingerprint of the forger for the 3rd century A.D. book Shang-shu (remotely ancient history), and close to 50 fingerprints of the forger of the contemporary version of The Bamboo Annals. Using the watershed line of Qin Emperor Shihuangdi's book burning of 213 B.C., the book rectified what was the original history before the book burning, filtered out what was forged after the book burning, sorted out the sophistry and fables that were rampant just prior to the book burning, and validated the history against the records in the oracle bones, bronzeware, and bamboo slips. The book covers 95-98% and more of the contents in the two ancient history annals of The Spring Autumn Annals and The Bamboo Annals. There are dedicated chapters devoted to interpreting Qu Yuan's poem Asking Heaven (Tian Wen), the mythical book The Legends of Mountains & Seas (Shan Hai Jing), geography book Lord Yu's Tributes (Yu Gong), and Zhou King Muwang's Travelogue (Mu-tian-zi Zhuan). The book has appendices of two calendars: the first anterior quarter remainder calendar (247 B.C.-104 B.C./247 B.C.-85 A.D.) of the Qin Empire, as well as a conversion table of the sexagenary years of the virtual Yin-li (Shang dynasty) quarter remainder calendar versus the Gregorian calendar, that covers the years 2698 B.C. to 2018 A.D. Book I stops about the midpoint of the 242 years covered in Confucius' abridged book The Spring & Autumn Annals (722-481 B.C.). Book II stops at Han Emperor Zhangdi (Liu Da, reign A.D. 76-88; actual reign Aug of A.D. 75-Feb of A.D. 88), with the A.D. 85 adoption of the Sifen-li posterior quarter remainder calendar premised on reverting to the sexagenary years of the virtual Yin-li (Shang dynasty) quarter remainder calendar, a calendar disconnected from the Jupiter's chronogram, that was purportedly invented by the Confucians on basis of Confucius' identifying the 'qi-lin' divine giraffe animal and wrapping up the masterpiece The Spring & Autumn Annals two years prior to death.

Capital Starship Sep 03 2022 The Galaxy's Doomed Without Him The Ixa smashed the galaxy to bits before they were defeated. Captain Husher has sounded the alarm in the decades since: the Ixa's creators will return to finish the job. But unlike Husher, the galactic government didn't battle the Ixa, and the politicians have convinced themselves that maintaining peace means limiting the ability to wage war. Now, the enemy has returned, with high-tech weapons that prove they haven't limited their own combat capabilities in the slightest. If Captain Husher and his beleaguered supercarrier crew can't manage to stop the invaders, they will happily devour the galaxy whole. Fans of Daniel Arenson and Jay Allan will love Capital Starship, a new military science fiction series set in the Ixan Prophecies universe.

Battle Mars - The Complete Series Mar 17 2021 The Complete Battle Mars Series This omnibus edition of the Battle Mars series contains all four books: Genocide, Fallout, Colony and Reboot. Earth is a write off. Let's move to Mars. What could go wrong? Over 80% of life on Earth is stolen in four weeks, leaving 8 billion humans without food, water, or even viable soil. Weather patterns shift causing tornados, raging fires, and rapid freezing. The governments quickly collapse in every country and people are stranded with nowhere to run. It's climate change on steroids, but this isn't even remotely a natural phenomenon. Book One: Genocide *Jace* and his dog, *Oscar*, are taking care of the herd in Colorado when the biggest tornados he's ever seen rip the earth to pieces, taking trees, cows, water, and everything else they need to live. Across America and in every country the seeds of life are sucked up into the sky. People are seeking sanctuary, but every door is closed until *Jace* meets a slick billionaire who claims to have a spaceship. Book Two: *Fallout Titan*, better known as *Big Bertha*, was designed as the first ship and habitat to support human life on Mars. Billions are dying topside while *Jace* and his team are safe inside *Bertha's* underground base, or are they? The unfolding disaster on Earth is looking less like a natural event and more like an intentional act of terrorism, but to what end? With two kids in tow, and a completely untrained crew, *Jace* is forced to make a tough decision. Book Three: *Colony* *Jace* and his crew make a home on Mars, but they're not alone. There is life on Mars, far more than anyone expected. Unable to explain how *Apollo* beat him to the punch, *Jace* spies on his enemy looking for answers. Truth is stranger than fiction. If *Jace* and his crew don't take control of Mars, *Apollo's* plan for what's left of mankind is a massive step backward. Book Four: *Reboot* The call to arms doesn't go unheard and every man and woman pivots into the fight. It's a desperate battle across two planets for what little is left, and *Jace* hits *Apollo* with everything he's got. In a winner-takes-all battle, who gets to decide man's place in the Universe? *Jace* gets his answer, and it's nothing he could have seen coming. Non-stop, fast-paced action. The Enemy of an Enemy Dec 26 2021 Everything seemed to be going *Vydor*'s way, until the *Dragon Claw* was sent on a rather unusual assignment to investigate a minor incident deep within the Empire's space. That would send *Vydor* down a path filled with fantastically powerful enemies and extraordinary friends that would obliterate everything he ever understood to be true and threaten the very foundations of the Empire itself.

Spacers Dec 02 2019 March 15th, Earth Year 2290 The day the aliens returned. The memories are still fresh. Of colonies burning. Of millions dying in agony. 50 years later, we've built up our strength. Using a wormhole, we colonized both sides of the galaxy. It was the worst mistake we could have made. Our enemy has returned. The wormhole has collapsed.

Guanzi Dec 14 2020 Named for the famous Chinese minister of state, Guan Zhong (d. 645 B.C.), the Guanzi is one of the largest collections of ancient Chinese writings still in existence. With this volume, W. Allyn Rickett completes the first full translation of the Guanzi into English. This represents a truly monumental effort, as the Guanzi is a long and notoriously difficult work. It was compiled in its present form about 26 B.C. by the Han dynasty scholar Liu Xiang and the surviving text consists of some seventy-six anonymous essays dating from the fifth century B.C. to the first century B.C. The forty-two chapters contained in this volume include several which present Daoist theories concerning self-cultivation and the relationship between the body and mind as well as the development of Huang-Lao political and economic thought. The "Dizi zhi" chapter provides one of the oldest discussions of education in China. The "Shui di" chapter refers to the circulation of blood some two thousand years before the discoveries of William Harvey in the West. Other chapters deal with various aspects of statecraft, Yin-Yang and Five Phases thought, folk beliefs, seasonal calendars, and farming. Perhaps the best-known chapters are those that deal with various methods of controlling and stimulating the economy. They constitute one of the world's earliest presentations of a quantity theory of money. Throughout the text, Rickett provides extensive notes. He also supplies an introduction to the volume and a comprehensive index.

Historical Dictionary of the Chinese Civil War Jul 21 2021 This second edition of the Historical Dictionary of the Chinese Civil War studies the longer, broader war and its chronology carefully tracks the major events. The introduction then provides a broad overview, describing the contending forces, and showing how the Communists come out on top. The details, and these are crucial, are laid out in over 200 cross-referenced dictionary entries dealing with the opposing forces and parties, the major campaigns and battles, the Long March, and of course the leadership on both sides. This book, one of few such in English, provides a very solid basis for study, but that can be accomplished more effectively by consulting the titles listed in an extensive bibliography.

War Core, Book 1: Hold the Line (a LitRPG, RTS, Dungeon Core Adventure) May 19 2021 Earth is under siege. For decades, the governments of our world have been fighting a desperate and secret battle to keep hordes of alien invaders away from our planet. When the guardian of the United States falls, a new champion must be chosen. Sadly, the choice of a champion isn't ours to make, and the Galactic Conflict Authority selects a human, seemingly at random, to lead the United States of America's efforts at holding back the tide. Hugh Logan is in the middle of teaching a class when he is taken against his will and informed that he is now the newest member of Earth's defense against alien invasion. He must give up everything to become our champion. He must give up everything to prevent our destruction. He must become... a War Core. War Core is a Dungeon Core series with LitRPG and RTS elements.

The Last Dawn Aug 10 2020 Fear ripples through human galactic society. Another ship travels from humanity's bleak future, targets a populated planet ... and lays it waste in a fiery apocalypse. Nothing survives, and the ship disappears. In the midst of the recovery, Admiral Jack Mattis finds more questions than answers as he tracks down the dreadfully powerful enemy ship. But the most pressing question: why are these mutated humans from the future relentlessly attacking us? What do they want? And at what cost? And are these the same creatures created by the genetic research corporation exposed by Mattis on the planet Chrysalis? The answers lie at the root of a deep conspiracy that goes beyond governments, beyond corporations. A conspiracy that will stop at nothing to succeed, and achieve ultimate power over humanity. And as the deadly ship prepares for its final catastrophic strike, Admiral Jack Mattis and the crew of the Midway are the last defense between us, and our last dawn.

The Wunder War Mar 05 2020 After the peaceful, utopian colony world of Wunderland is devastated by the attacks of the feline Kzin warriors, the human defenders are forced to turn to guerrilla warfare in the planet's jungles and caves after the Kzin devastate the cities, in a new novel based on the universe created by Larry Niven.

A Call to War Apr 29 2022 Earth has fallen, and humanity has been scattered across the galaxy. Trapped between the remnants of the tyrannical Central Committee and the genocidal Alliance, many flee to the small planet of Elysian to forge a new life. But Elysian is soon threatened as the fires of war spread throughout the stars. It is left up to Vincent Solaris to pull the fringes of humanity together and lead them back onto the battlefield to save their new planet.

The Caledonian Gambit Sep 10 2020 The galaxy is mired in a cold war between two superpowers, the Illyrican Empire and the Commonwealth. Thrust between this struggle are Simon Kovalic, the Commonwealth's preeminent spy, and Kyle Rankin, a lowly soldier happily scrubbing toilets on Sabea, a remote and isolated planet. However, nothing is as it seems. Kyle Rankin is a lie. His real name is Eli Brody, and he fled his home world of Caledonia years ago. Simon Kovalic knows Caledonia is a lit fuse hurtling towards detonation. The past Brody so desperately tried to abandon can grant him access to people and places that are off limits even to a professional spy like Kovalic. Kovalic needs Eli Brody to come home and face his past. With Brody suddenly cast in a play he never auditioned for, he and Kovalic will quickly realize it's everything they don't know that will tip the scales of galactic peace. Sounds like a desperate plan, sure, but what gambit isn't? The Caledonian Gambit is a throwback to the classic sci-fi adventures of spies and off-world politics, but filled to the brim with modern sensibilities.

The Windup Girl May 07 2020 Winner of the Hugo and Nebula awards for best novel, the break-out science fiction debut featuring additional stories and a Q&A with the author. Anderson Lake is AgriGen's Calorie Man, sent to work undercover as a factory manager in Thailand while combing Bangkok's street markets in search of foodstuffs thought to be extinct, hoping to reap the bounty of history's lost calories. Emiko is the Windup Girl, a strange and beautiful creature. Emiko is not human; she is an engineered being, grown and programmed to satisfy the decadent whims of a Kyoto businessman, but now abandoned to the streets of Bangkok. Regarded as soulless beings by some, devils by others, New People are slaves, soldiers, and toys of the rich in this chilling near future in which calorie companies rule the world, the oil age has passed, and the side effects of bio-engineered plagues run rampant across the globe. What happens when calories become currency? What happens when bio-terrorism becomes a tool for corporate profits and forces mankind to the cusp of post-human evolution? Bacigalupi delivers one of the most highly-acclaimed science fiction novels of the twenty-first century. In this brand-new edition celebrating the book's reception into the canon of celebrated modern science fiction, accompanying the text are two novelettes exploring the dystopian world of *The Windup Girl*, the Theodore Sturgeon Award-winning "The Calorie Man" and "Yellow Card Man." Also included is an exclusive Q&A with the author describing his writing process, the political climate into which his debut novel was published, and the future of science fiction. Skyhorse Publishing, under our Night Shade and Talos imprints, is proud to publish a broad range of titles for readers interested in science fiction (space opera, time travel, hard SF, alien invasion, near-future dystopia), fantasy (grimdark, sword and sorcery, contemporary urban fantasy, steampunk, alternative history), and horror (zombies, vampires, and the occult and supernatural), and much more. While not every title we publish becomes a New York Times bestseller, a national bestseller, or a Hugo or Nebula award-winner, we are committed to publishing quality books from a diverse group of authors.

The Bayern Agenda Sep 22 2021 A new Cold War threatens the galaxy, in this fast-paced and wisecracking thriller of spies and subterfuge. Simon Kovalic, top intelligence operative for the Commonwealth of Independent Systems, is on the frontline of the burgeoning Cold War with the aggressive Illyrican Empire. He barely escapes his latest mission with a broken arm, and vital intel which points to the Empire cozying up to the Bayern Corporation: a planet-sized bank. There's no time to waste, but with Kovalic out of action, his undercover team is handed over to his ex-wife, Lt Commander Natalie Taylor. When Kovalic's boss is tipped off that the Imperium are ready and waiting, it's up to the wounded spy to rescue his team and complete the mission before they're all caught and executed. Zombie Baseball Beatdown Jul 29 2019 In this inventive, fast-paced novel, New York Times bestselling and Printz Award-winning author Paolo Bacigalupi takes on hard-hitting themes—from food safety to racism and immigration--and creates a zany, grand-slam adventure that will get kids thinking about where their food comes from. The zombie apocalypse begins on the day Rabi, Miguel, and Joe are practicing baseball near their town's local meatpacking plant and nearly get knocked out by a really big stink. Little do they know the plant's toxic cattle feed is turning cows into flesh-craving monsters! The boys decide to launch a stealth investigation into the plant's dangerous practices, unknowingly discovering a greedy corporation's plot to look the other way as tainted meat is sold to thousands all over the country. With no grownups left they can trust, Rabi and his friends will have to grab their bats to protect themselves (and a few of their enemies) if they want to stay alive...and maybe even save the world.

A Critical History of New Music in China Apr 17 2021 By the end of the nineteenth century, Chinese culture had fallen into a stasis, and intellectuals began to go abroad for new ideas. What emerged was an exciting musical genre that C. C. Liu terms "new music." With no direct ties to traditional Chinese music, "new music" reflects the compositional techniques and musical idioms of eighteenth- and nineteenth-century European styles. Liu traces the genesis and development of "new music" throughout the twentieth century, deftly examining the social and political forces that

shaped "new music" and its uses by political activists and the government.

Fleet Elements Feb 02 2020 "Space opera the way it ought to be . . . Bujold and Weber, bend the knee; interstellar adventure has a new king, and his name is Walter Jon Williams."—George R. R. Martin Following The Accidental War, the second book of a brand-new series set in the Praxis—an epic mix of space opera and military science fiction, from a grand master of science fiction, Walter Jon Williams. The Praxis, the empire of now extinct Shaa, has again fallen into civil war, with desperate and outnumbered humans battling several alien species for survival. Leading the human forces are star-crossed lovers Gareth Martinez and Caroline Sula, who must find a way to overcome their own thorny personal history to defeat the aliens and assure humanity's survival. But even if the human fleet is victorious, the divisions fracturing the empire may be too wide to repair, as battles between politicians, the military, and fanatics who want to kill every alien threaten to further tear the empire apart. While Martinez and Sula believe they have the talent and tactics to defeat an overwhelming enemy, what will prevent their fellow humans from destroying themselves?

Cultural Realism Oct 31 2019 Cultural Realism is an in-depth study of premodern Chinese strategic thought that has important implications for contemporary international relations theory. In applying a Western theoretical debate to China, Iain Johnston advances rigorous procedures for testing for the existence and influence of "strategic culture." Johnston sets out to answer two empirical questions. Is there a substantively consistent and temporally persistent Chinese strategic culture? If so, to what extent has it influenced China's approaches to security? The focus of his study is the Ming dynasty's grand strategy against the Mongols (1368-1644). First Johnston examines ancient military texts as sources of Chinese strategic culture, using cognitive mapping, symbolic analysis and congruence tests to determine whether there is a consistent grand strategic preference ranking across texts that constitutes a single strategic culture. Then he applies similar techniques to determine the effect of the strategic culture on the strategic preferences of the Ming decision makers. Finally, he assesses the effect of these preferences on Ming policies towards the Mongol "threat." The findings of this book challenge dominant interpretations of traditional Chinese strategic thought. They suggest also that the roots of realpolitik are ideational and not predominantly structural. The results lead to the surprising conclusion that there may be, in fact, fewer cross-national differences in strategic culture than proponents of the "strategic culture" approach think.

Unsung Armada Mar 29 2022 The galaxy is cold. And heartless. Fresh from rescuing the daughter of a powerful aristocrat, Commander Joe Pikeman sets his sights on the next mission: saving humanity from enslavement.

The Last War Jun 07 2020 Earth is under attack. 20 years after the American-Chinese war devastated our worlds, we finally have a tense peace. But legendary American Admiral Jack Mattis, on his inspection tour of the first joint American-Chinese space station, finds himself in the middle of the unthinkable: an alien invasion. Their ships are powerful, their weapons overwhelming. And in the confusion, our tentative peace with the Chinese is shaken to the core. Taking command of his old battleship, The Midway, Admiral Mattis races the alien fleet to Earth, desperate to prevent the utter destruction of humanity's home. And in Earth's darkest hour, Mattis must unify and lead old adversaries to the fight against a common enemy, one that doesn't care about flags or borders. An enemy driven by malevolent hate and a thirst for blood. An enemy that cares for one thing only: Earth's destruction.

Dogs of War Nov 05 2022 The Invasion Has Begun The Progenitors are here. If Captain Husher can't find a way to oppose them, they will sweep through the multiverse like fire through a parched forest.

Fight the Good Fight Apr 05 2020 A republic under attack. A reluctant soldier. An all-out fight for the galaxy's soul. David Cohen prays he'll live to see the other side of his first deployment. His people thought they had left war behind when they fled Earth centuries ago. Time, though, has not dulled the hatred and intolerance of their erstwhile oppressors. To defend his homeland's freedom, David abandons his dream of becoming a rabbi for the battlefield... and discovers a side of himself he is not sure he can live with. David's focus is clear when the bullets are flying. In the long hours after, he must reckon with the toll that blood and blame bring upon his mind. Can he square the tenets of his faith against his responsibility to crew and country? Nothing has prepared him to make decisions that could cause ruin or an end to generations of conflict... except for trust in God, himself, and those who serve under him. If David Cohen survives it all, who will he be? Echoes of the Past: Fight the Good Fight is the first book in a military sci-fi trilogy that takes an unflinching look at sacrifice, duty, and the scars left on the minds of those who serve. The trials and tactics of a starship commander are only part of the story... because every soldier faces battles within.

No Quarter (Unification War Trilogy, Book 2) Jul 01 2022 Humanity is fractured and on the brink of war...The United Terran Federation and the Eastern Star Alliance have been fighting in minor skirmishes along the border region for the last few years, but now it threatens to break out into a full-on war with the victor assuming control of all human space. The Alliance has fired the opening shots with a horrific strike on a civilian target, killing millions and shocking the Federation's parliament into action. Now mighty fleets of starships are moving against each other, ready for the final battle that will settle the conflict once and for all. The venerable Admiral Jackson Wolfe prepares himself for one last fight as his nemesis, Admiral Vadim Kohl, looks to make a name for himself by defeating the infamous Federation officer in battle. Jackson knows events are now in motion that can't be stopped and only one thing is certain: win or lose, nothing will ever be the same again.

New Frontiers Aug 22 2021 The Phage War had been a devastating conflict for the Terran Confederacy. Even with the destruction of their terrifying, implacable foe, humanity is still reeling. Political alliances are crumbling and their mighty fleet is in tatters. There is nothing to celebrate, even after such a complete victory. They soon learn that there are other stellar neighbors ... and they've been watching the conflict with great interest. One species comes with an offer of friendship and alliance, but humanity is weary and distrustful, their only interactions with aliens having resulted in the near-eradication of their kind. Before the ashes of war have been fully swept away Captain Celesta Wright is dispatched to the Frontier with a small taskforce to investigate a mysterious signal while the Confederacy struggles to hold itself together. A partnership with this new species could help accelerate the recovery effort, but is the offer too good to be true? Can humanity risk another fight with an advanced alien species right on the heels of the bloodiest war that had ever been waged? New Frontiers is the first book of the Expansion Wars Trilogy, an all adventure in the Black Fleet universe.

The Galathea Chronicles Oct 12 2020 A remote planet, rich in resources... A drug-addicted captain, hungry for bonuses... A hidden alien menace... Growing up as a Martian on Earth has left Jas Harrington solitary, quick-tempered, and with zero tolerance for fools. All plus points when working as chief security officer aboard prospecting starships. Jas' latest berth is aboard the Galathea, which trawls the reaches of the galaxy seeking precious minerals and rare resources. She thinks it's a routine trip. She's wrong. An inspection of a far-flung planet leaves Jas suspicious that there's more to the place than meets the eye. If only she could convince the captain of the need for caution, but she might as well wish for a tasty meal in the ship's canteen. When the captain disciplines Jas for insubordination, she has only two allies: a timid navigator and the second pilot, who has the hots for her. Not that Jas notices. All hell breaks loose, and Jas' skills are put to the ultimate test. Can she enlist the help of the only two friends she has? She's in a race against time to prevent the aliens from achieving their goal: Generation. If she fails, the ship's crew, the galactic empire, and humanity itself are at risk.

Pride of the Fleet Aug 02 2022 The Galaxy's Never Had It Darker Armed with new tech that could revolutionize space combat, Captain Husher must now try to convince the Interstellar Union to implement it in time to defend against the godlike Progenitors.

Enterprise Java Microservices Sep 30 2019 Summary Enterprise Java Microservices is an example-rich tutorial that shows how to design and manage large-scale Java applications as a collection of microservices. Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the Technology Large applications are easier to develop and maintain when you build them from small,

simple components. Java developers now enjoy a wide range of tools that support microservices application development, including right-sized app servers, open source frameworks, and well-defined patterns. Best of all, you can build microservices applications using your existing Java skills. About the Book Enterprise Java Microservices teaches you to design and build JVM-based microservices applications. You'll start by learning how microservices designs compare to traditional Java EE applications. Always practical, author Ken Finnigan introduces big-picture concepts along with the tools and techniques you'll need to implement them. You'll discover ecosystem components like Netflix Hystrix for fault tolerance and master the Just enough Application Server (JeAS) approach. To ensure smooth operations, you'll also examine monitoring, security, testing, and deploying to the cloud. What's inside The microservices mental model Cloud-native development Strategies for fault tolerance and monitoring Securing your finished applications About the Reader This book is for Java developers familiar with Java EE. About the Author Ken Finnigan leads the Thorntail project at Red Hat, which seeks to make developing microservices for the cloud with Java and Java EE as easy as possible.
