Courage May 18 2021 "The Church opposes any unjust treatment of homosexual persons, insisting on their equal dignity before God and firmly correcting anyone who in any way ridicules homosexual persons. It is also the duty of the Church in every diocese to provide adequate pastoral programs to help homosexual men and women live the Gospel to the full." Father John F. Harvey Founder of Courage For more than thirty years, Courage has been helping same-sex-attracted Catholic men and women to lead chaste lives. This book will relate not just the history of the apostolate but how and why it was founded. It will introduce readers to the numerous souls whose lives were changed by following the goals of Courage and who found peace, understanding, and joy in choosing a life of chastity. This book is an attempt to tell the story of Courage from the point of view of a member. Founded in 1980 in New York, Courage has grown into an international organization. Yet its very existence seems to defy the tide of the popular culture. In spite of pressure on all sides and even from inside the Church, Courage continues to stress the traditional teachings of the Church. While society's attitudes toward sexuality have changed, the teachings of the Church have not. It is possible that of all the Church's teachings, none has been more distorted and misunderstood than the teaching regarding human sexuality. Yet the Church could not be more clear: all of us, homosexual and heterosexual, are called to be chaste.

With Signs Following Jan 02 2020 Born to ex-slaves in Reconstruction-era Tennessee, Bishop Charles Harrison Mason had a vision for the Church of God in Christ (COGIC) that thrives today in an international Pentecostal church with more than five million members. With Signs Following: The Life and Ministry of Charles Harrison Mason examines the social, cultural, and religious aspects of Bishop Mason's leadership and creative genius in establishing COGIC as a distinct Black Church tradition. With Signs Following shares four decades of research from leading scholars that addresses the sociological, theological, psychological, social-ethical, and historical perspectives of COGIC and Mason's ministry. Contributors: Christopher Brennan Ithiel Clemmons David D. Daniels III Glenda Williams Goodson Robert R. Owens Craig Scandrett-Leatherman Raynard D. Smith Frederick L. Ware

The Modernization of Fatherhood Mar 16 2021 The period between World War I and World War II was an important time in the history of gender relations, and of American fatherhood. Revealing the surprising extent to which some of yesterday's fathers were involved with their children, The Modernization of Fatherhood recounts how fatherhood was reshaped during the Machine Age into the configuration we know today. LaRossa explains that during the interwar period the image of the father as economic provider, pal, and male role model, all in one, became institutionalized. Using personal letters and popular magazine and newspaper sources, he explores how the social and economic conditions of the Roaring Twenties and the Great Depression—a period of technical innovation as well as economic hardship—fused these expectations into a cultural ideal. With chapters on the U.S. Children's Bureau, the fathercraft movement, the magazine industry and the development of Parent's Magazine, and the creation of Father's Day, this book is a major addition to the growing literature on masculinity and fatherhood.

Special Events Dec 25 2021 As the philosopher Martin Buber wrote, "All real living is meeting." People like to get together. That's why special events can often work so much better for nonprofit organizations than other, less social types of fundraising programs. From red-carpet galas to Saturday afternoon street fairs, special events offer nonprofits an unparalleled opportunity to both raise money and make friends. Yet for all the benefits—and they are great—inexperience and bad planning can make these events more trouble—and a greater financial drain—than they are worth. Special Events: Proven Strategies for Nonprofit Fundraising, Second Edition is the complete guide to making your next nonprofit event the rousing success it can be. Packed with author and development professional Alan Wendroff's realistic insights and pointers, this text provides a logical and comprehensive outline of event planning, with a special emphasis on fitting these events into the larger framework of the nonprofit's organizational goals. Inside you'll find such helpful tools as: Seven goals for a successful event The Master Event Timetable (METT), a proven organizational tool that provides step-by-step guidance through the entire event process A case study explaining in understandable detail how to implement the advice and methods outlined An accompanying CD that includes sample timelines, worksheets, checklists, budgets, writing examples, decision tables, and contracts From choosing the right event to the best way of expressing thanks afterwards, Special Events covers all aspects of producing a winning fundraiser for your organization. In addition to the brass tacks of managing logistics, the coverage includes thoughtful discussions on how to take full advantage of the networking, volunteer recruitment, public relations, and motivational opportunities your special event can provide. This updated Second Edition features new information in these areas, plus an entirely new chapter on using the Internet for event planning. With the needs of nonprofit organizations only growing as donations shrink, special events become more and more vital in sustaining the life of these organizations. Nonprofit lay leaders, professionals, and staff, as well as marketing professionals and event planners who work with nonprofits, will all find in Special Events, Second Edition a clearly drawn road map leading to fundraising success.

Blood Sweat & Tears: The Nation of Islam and Me Oct 30 2019 Lance Shabazz life was the Nation of Islam. This book journey's over fifty personal years traveling thousands of miles and many dozens of interviews culminating my Decision to walk away from it all. I realized my beliefs and principles gained as a follower of the Honorable Elijah Muhammad is rejected, altered, modified and the last trick our messenger warned us all to stay away from what today's so-called followers accept. Lip profession counts for naught unless carried into practice. I therefore share some of my history for the family and students of the Nation of Islam.

Landmark of the Spirit Sep 09 2020 New York City's magnificent Eldridge Street Synagogue was built in 1887 in response to the great wave of Jewish immigrants who fled persecution in eastern Europe. Finding their way to the Lower East Side, the new arrivals formed a vibrant Jewish community that flourished from the 1850s until the 1940s. Their synagogue served not only as a place of worship but also as a singularly important center in the development of American Judaism. A near ruin in the 1980s that was recently reopened after a massive twenty-year restoration, the Eldridge Street Synagogue has been named a National Historic Landmark. But as Bill Moyers tells us in his foreword, the synagogue is also "a landmark of the spirit, . . . the spirit of a new nation committed to the old idea of liberty." Annie Polland uses elements of the building's architecture—the façade, the benches, the grooves worn into the sanctuary floor—as points of departure to discuss themes, people, and trends at various moments in the synagogue's history, particularly during its heyday from 1887 until the 1930s.

Exploring the synagogue's rich archives, the author shines new light on the religious life of immigrant Jews, introduces various rabbis, cantors and congregants, and analyzes the significance of this special building in the context of the larger American-Jewish experience. For more information, go to: www.EldridgeStreet.org

Judges in Street Clothes Nov 04 2022 To maintain public confidence in the judiciary, judges are governed by the strictest of ethical codes. Codes of conduct not only circumscribe a judge's official conduct but also restrict every aspect of a judge's off-bench life. *Judges in Street Clothes: Acting Ethically Off-the-Bench* provides an in-depth analysis of the rules limiting the charitable, educational, religious, fraternal, civic, and law-related extrajudicial activities of state and federal judges. This comprehensive, heavily footnoted resource examines: (1) the historical development of the American Bar Association's four model judicial codes with an emphasis on the rules regulating the charitable, educational, religious, fraternal, civic, and law-related activities of judges; (2) the State's interests in restricting the extrajudicial activities of judges; (3) the strengths and weaknesses of rules governing a judge's off-bench activities; (4) how state and federal courts, judicial disciplinary commissions, and judicial ethics advisory committees have interpreted judicial conduct rules; (5) best practices for judges; and (6) the constitutionality of the restrictions on a judge's charitable, educational, religious, fraternal, civic, and law-related undertakings. From both a theoretical and practical standpoint, this book addresses the ethical implications of the everyday activities of judges. How far may a judge go in expressing personal opinions about social and legal issues? What are the limits on a judge's use of social media? Is it permissible for a judge to receive an award from a victim advocacy group? Do the rules permit a judge to speak at a church or bar association's fund-raising dinner? May judges teach prosecutors and law enforcement officials how to improve their job performance? May a judge appear in an informational video for the judge's alma mater? Former judge Raymond J. McKoski discusses these and a host of other everyday situations judges face in their attempts to remain involved community members while promoting public confidence in the independence, integrity, and impartiality of the judiciary.

Taste of Control Feb 24 2022 Winner of the 2021 Gourmand Awards, Asian Section & Culinary History Section Filipino cuisine is a delicious fusion of foreign influences, adopted and transformed into its own unique flavor. But to the Americans who came to colonize the islands in the 1890s, it was considered inferior and lacking in nutrition. Changing the food of the Philippines was part of a war on culture led by Americans as they attempted to shape the islands into a reflection of their home country. *Taste of Control* tells what happened when American colonizers began to influence what Filipinos ate, how they cooked, and how they perceived their national cuisine. Food historian René Alexander D. Orquiza, Jr. turns to a variety of rare archival sources to track these changing attitudes, including the letters written by American soldiers, the cosmopolitan menus prepared by Manila restaurants, and the textbooks used in local home economics classes. He also uncovers pockets of resistance to the colonial project, as Filipino cookbooks provided a defense of the nation's traditional cuisine and culture. Through the topic of food, *Taste of Control* explores how, despite lasting less than fifty years, the American colonial occupation of the Philippines left psychological scars that have not yet completely healed, leading many Filipinos to believe that their traditional cooking practices, crops, and tastes were inferior. We are what we eat, and this book reveals how food culture served as a battleground over Filipino identity.
