The Color of Water Dec 14 2020 From the bestselling author of *Deacon King Kong* and the National Book Award-winning *The Good Lord Bird*: The modern classic that spent more than two years on The New York Times bestseller list

and that Oprah.com calls one of the best memoirs of a generation. Who is Ruth McBride Jordan? A self-declared "light-skinned" woman evasive about her ethnicity, yet steadfast in her love for her twelve black children. James McBride, journalist, musician, and son, explores his mother's past, as well as his own upbringing and heritage, in a poignant and powerful debut, *The Color Of Water: A Black Man's Tribute to His White Mother*. The son of a black minister and a woman who would not admit she was white, James McBride grew up in "orchestrated chaos" with his eleven siblings in the poor, all-black projects of Red Hook, Brooklyn. "Mommy," a fiercely protective woman with "dark eyes full of pep and fire," herded her brood to Manhattan's free cultural events, sent them off on buses to the best (and mainly Jewish) schools, demanded good grades, and commanded respect. As a young man, McBride saw his mother as a source of embarrassment, worry, and confusion—and reached thirty before he

began to discover the truth about her early life and long-buried pain. In *The Color of Water*, McBride retraces his mother's footsteps and, through her searing and spirited voice, recreates her remarkable story. The daughter of a failed itinerant Orthodox rabbi, she was born Rachel Shilsky (actually Ruchel Dwara Zylska) in Poland on April 1, 1921. Fleeing pogroms, her family emigrated to America and ultimately settled in Suffolk, Virginia, a small town where anti-Semitism and racial tensions ran high. With candor and immediacy, Ruth describes her parents' loveless marriage; her fragile, handicapped mother; her cruel, sexually-abusive father; and the rest of the family and life she abandoned. At seventeen, after fleeing Virginia and settling in New York City, Ruth married a black minister and founded the all-black New Brown Memorial Baptist Church in her Red Hook living room. "God is the color of water," Ruth McBride taught her children, firmly convinced that life's blessings and life's values

transcend race. Twice widowed, and continually confronting overwhelming adversity and racism, Ruth's determination, drive and discipline saw her dozen children through college—and most through graduate school. At age 65, she herself received a degree in social work from Temple University. Interspersed throughout his mother's compelling narrative, McBride shares candid recollections of his own experiences as a mixed-race child of poverty, his flirtations with drugs and violence, and his eventual self-realization and professional success. *The Color of Water* touches readers of all colors as a vivid portrait of growing up, a haunting meditation on race and identity, and a lyrical valentine to a mother from her son.

Mindset May 07 2020 From the renowned psychologist who introduced the world to “growth mindset” comes this updated edition of the million-copy bestseller—featuring transformative insights into redefining success, building lifelong resilience, and supercharging self-improvement. “Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life.”—Bill Gates, GatesNotes “It’s not always the people who start out the smartest who end up the smartest.” After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities

are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. *Mindset* reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.

The Leader in Me Jul 29 2019 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the

school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

[A Passion for Leadership](#) Dec 02 2019 Having led change successfully at three sprawling, monumental organizations—the CIA, Texas A&M University, and the Department of

Defense—Robert M. Gates offers the ultimate insider's look at how leaders can transform large organizations and companies. With stunning clarity, he shares how simple plans, faithfully executed, can cut through the mire of bureaucracy to reform organizational culture. Using the full weight of his wisdom, candor, and devotion to duty, he empowers leaders at any level to effectively implement his leadership strategies.

The Art of Work Mar 05 2020 On his thirtieth birthday, Jeff Goins quit his job and began his pursuit of becoming a full-time writer. While certainly that was a milestone day, it was still less significant than the ones that lead to that memorable moment. The journey he took leading up to that daring decision involved twists, turns,

and surprises he never expected. In the end, he found his life's purpose, his calling; and in *The Art of Work*, he wants to share his journey with you and help you, too, discover your life's work, along with the invaluable treasure that comes with doing so. As writer, keynote speaker, and award-winning blogger Jeff Goins explains, our search for discovering the task we were born to do begins with passion but does not end there. Only when our interests connect with the needs of the world do we begin living for a larger purpose. Those who experience this intersection experience something exceptional and enviable. Though it is rare, as Jeff discovered along the journey he shares in this one-of-a-kind book, such a life is attainable by anyone brave enough to try. Through personal experience, compelling case studies, and current research on the mysteries of motivation and talent, Jeff shows readers how to find the vocation they were meant for and what to expect during the long, arduous journey to discovering and pursuing it.

The Happiness of Pursuit Jun 07 2020 A remarkable guide to the quests that give our lives meaning—and how to find your own—from the New York Times bestselling author of *The \$100 Startup* and *100 Side Hustles* “If you like complacency and mediocrity, do not read this book. It’s dangerously inspiring.”—A. J. Jacobs, author of *The Know-It-All* When he set out to visit all of the planet’s countries by age thirty-five, compulsive goal-seeker Chris Guillebeau never imagined that his journey’s biggest revelation would be how many people like himself exist—each pursuing a challenging quest. These quests are as diverse as humanity

itself, involving exploration, the pursuit of athletic or artistic excellence, or battling against injustice and poverty. Everywhere that Chris visited he found ordinary people working toward extraordinary goals, making daily down payments on their dreams. These “questers” included a suburban mom pursuing a wildly ambitious culinary project, a DJ producing the world’s largest symphony, a young widower completing the tasks his wife would never accomplish—and scores of others writing themselves into the record books. The more Chris spoke with these strivers, the more he began to appreciate the direct link between questing and long-term happiness, and he was compelled to complete a comprehensive study of the phenomenon. In *The Happiness of Pursuit*, he draws on interviews with hundreds of questers, revealing their secret motivations, their selection criteria, the role played by friends and family, their tricks for solving logistics, and the importance of documentation. Equally

fascinating is Chris's examination of questing's other side. What happens after the summit is climbed, the painting hung, the endurance record broken, the at-risk community saved? A book that challenges each of us to take control—to make our lives be about something while at the same time remaining clear-eyed about the commitment—The Happiness of Pursuit will inspire readers of every age and aspiration. It's a playbook for making your life count. "The Happiness of Pursuit is smart, honest, and dangerous. Why dangerous? Because it is as practical as it is inspiring. You won't just be daydreaming about your quest—you'll be packing for it!"—Brené Brown, Ph.D., LMSW, author of *Daring Greatly* [Think Like a Monk](#) Aug 29 2019 Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk,

you'll understand: -How to overcome negativity - How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the

world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie

within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

foe with numbers as great as their thirst for vengeance. Dalinar Kholin's Alethi armies won a fleeting victory at a terrible cost: The enemy Parshendi summoned the violent Everstorm, which now sweeps the world with destruction, and in its passing awakens the once peaceful and subservient parshmen to the horror of their millennia-long enslavement by humans. While on a desperate flight to warn his family of the threat, Kaladin Stormblessed must come to grips with the fact that the newly kindled anger of the parshmen may be wholly justified. Nestled in the mountains high above the storms, in the tower city of Urithiru, Shallan Davar investigates the wonders of the ancient stronghold of the Knights Radiant and unearths dark secrets lurking in its depths. The Third Chapter Nov 24 2021 In the twenty-first century, a developmental phase of life is emerging as significant and distinct, capturing our interest, engaging our curiosity, and expanding our understanding of human potential and development. Demographers talk about this new chapter in life as characterized by

people—between fifty and seventy-five—who are considered "neither young nor old." In our "third chapters" we are beginning to redefine our views about the casualties and opportunities of aging; we are challenging cultural definitions of strength, maturity, power, and sexiness. This is a chapter in life when the traditional norms, rules, and rituals of our careers seem less encompassing and restrictive; when many women and men seem to be embracing new challenges and searching for greater meaning in life. In *The Third Chapter*, the renowned sociologist Dr. Sara Lawrence-Lightfoot offers a strong counterpoint to the murky ambivalence that shrouds our clear view of people in their third chapters. She challenges the still prevailing and anachronistic images of aging by documenting and revealing the ways in which the years between fifty and seventy-five may, in fact, be the most transformative and generative time in our lives, tracing the ways in which wisdom, experience, and new learning inspire

individual growth and cultural transformation. The women and men whose voices fill the pages of *The Third Chapter* tell passionate and poignant stories of risk and vulnerability, failure and resilience, challenge and mastery, experimentation and improvisation, and insight and new learning.

Personal Success (The Brian Tracy Success Library) Feb 02 2020 Where do you want to be in one, three, or five years? Even small adjustments can bring about enormous results to your personal success. Where does that "winning edge" you've heard so much about come from? How do some people seem to find success simply from waking up and getting out of bed? World-renowned performance expert Brian Tracy has spent decades studying uncommonly high achievers. Instead of finding commonalities such as Ivy League educations, gold-star connections, and a dash of blind luck, Tracy discovered that the keys to their success were more often small adjustments in outlook

and behavior. In this easy-to-follow guide, Tracy lays out a simple, clear plan for anyone to be able to unlock their potential and find the success they previously thought was unattainable for them. [Unfollow Your Passion](#) Aug 02 2022 Named a Best Feel-Good Book of 2021 by The Washington Post A hilarious and honest not-quite-self-help book in the vein of *Buy Yourself the F*cking Lilies* and *I Used to Have a Plan*. Every person on the planet wants their life to mean something. The problem is that you've been told there's only one way to find that meaning. In

Unfollow Your Passion, Terri Trespicio—whose TEDx talk has more than six million views—questions everything you think you need: passion (fun, but fleeting), plans (flimsy at best), and a bucket list (eye roll), to name a few. Instead, she shows you how (and why) to flip society, culture, and the #patriarchy the bird so you can live life on your terms. Trespicio effortlessly guides you through her method of unhooking yourself from other people's agendas, boning up on the skills to move you forward, and exploring your own creativity, memory, and intuition to unlock your unique path to meaning—while also confronting the challenges that stop you in your tracks, like boredom, loss, and fear. Trespicio delivers a personal growth book unlike any other with insights that are “wildly funny and infinitely compelling,” (Farnoosh Torabi, host of the *So Money* podcast). Fans of Glennon Doyle's *Untamed* and Luvvie Ajayi Jones's *Professional Troublemaker* will love this fresh and fearless take on what it

means to unfollow the rules you were given.

The Pursuit of Passion Dec 26 2021 Has it• Been a rough day?• Been a rough year?• Been a rough career?Do you• Dream about that creative idea just beyond your grasp?• Feel trapped in a job that pays you just enough to survive?• Regret not finishing your music, photography or screenplay?• Wish you had more time, more money, more ability to get things done?If so, *The Pursuit Of Passion* is the book for you.A concise book of deep thought and meditation, *The Pursuit Of Passion* is one of those rare experiences that comes along only once in a great while.It is a treasury of thoughtful, insightful reminders that can be read in one sitting, or can be referred to daily, one page at a time.The book takes you on a journey from the

darkest days of the 2009 Great Recession to a place of recovery, creativity, hope and passion."These writings came from a promise. Right before Memorial Day 2009, I met with my business coach Joe Stumpf. After 20 years as a commissioned loan officer, I had just lived through possibly the worst year ever in the business. My previous company had collapsed in the mortgage meltdown of 2008. During the previous 12 months my assistant had earned more money than I had. About 50% of the people in my industry were either out of work or actively looking for jobs in other areas of business. Things looked bleak, and there was no fun left. Work had become a painful grind with very little financial reward to show for all the time spent.I shared my total burn out in the business of 20 years with my coach. Frustrated by what my life had become, it became clear that something had to give. Either I had to change jobs, or change my attitude. Maybe both! I promised to get up at 5:00 AM every day,

meditate and journal, and focus on bringing passion back into every aspect of my life, my work, my family and my personal growth. Instead of going to work every day and having a pity party, I have decided to have a passion party. These writings (a sample of the 475+ entries from the website <http://passionparty09.blogspot.com>) are the outgrowth of that commitment. I hope they inspire you to find your passion, and that you enjoy reading them as much as I did writing them."-George Kahn "When a person integrates the practical and the artistic, the material and the spiritual, I listen. The world has more than enough disconnection; I am inspired by people who put things together. Real passion flows from these poems, the product of a mind and heart in synch."-Shmuel Klatzkin, Rabbi

How to Find Your Passion Mar 29 2022 Discover Your Passion by Asking the Right Questions. Imagine being able to finally find your passion and have complete clarity about what

you were meant to do. There is a short-cut to finding your passion and that is asking the right questions. Einstein once said, "If I had an hour to solve a problem and my life depended on the solution, I would spend the first 55 minutes determining the proper question to ask; for once I know the proper question, I could solve the problem in less than five minutes." You may be asking yourself, 'Why should I focus on a question when what I really want is an answer.' It's simple. Answers come from questions and the quality of any answer is directly determined by the quality of the question. Ask the wrong question, get the wrong answer. Ask the right question, get the right answer. In a serendipitous meeting with Billy Ray Cyrus (country music singer and actor), Michelle Kulp discovered her passion simply because Billy Ray asked her the right question at the right time. Until then, she was living life in survival mode, living paycheck-to-paycheck, feeling deeply unfulfilled, purpose-less and passion-

less. Within a short time after her meeting with Billy Ray she found the answer she was looking for and her entire life changed! This book is full of life-altering questions designed to uncover your passion and purpose. Here's a sample of what you'll discover in this book: Three tools to connect you to your inner wisdom so you can get the guidance you need. How time on the clock can lead you directly to your passions. The unique ways your energy is giving you hidden messages. How to know when your soul is speaking to you. Ways to break free from all the distractions so you can find your passion. Why going small can help you go big. How negatives contain important messages which can show you how to get to the positives. And so much more!
