[Jim Scancarelli](#) Nov 21 2021 North Carolina fiddler and banjo player Jim Scancarelli's extensive career as a string band musician began in the early 1960s. A founding member of the Kilocyte Kowboys, one of Charlotte's longest-lived bluegrass bands, he played banjo with the Mole Hill Highlanders, and in the 1980s formed Sanitary Cafe with fiddler Tommy Malboeuf. Through the 1970s, his annual recordings at the Union Grove Fiddlers Convention captured superlative music and performer interviews. Scancarelli also had a successful career as a freelance magazine artist and collaborated on the syndicated comic strips "Mutt and Jeff" and "Gasoline Alley," eventually taking over authorship of the latter in 1986. This biography traces his creative trajectory in music, art, radio and television, and the cartooning industry.

[Tommy Malboeuf](#) Dec 23 2021 Adopted as a child from the Masonic Home for Children at Oxford, Tommy Malboeuf grew up in Troutman, North Carolina before enlisting in the Navy in the early 1950s. After his military service, Tommy found occasional work surveying and operating heavy equipment, and he also found a personal passion in bluegrass fiddling. He performed and recorded with A.L. Wood and the Smokey Ridge Boys, Roy McMillan's High Country Boys, the Border Mountain Boys, L.W. Lambert and the Blue River Boys, C.E. Ward and his band, Garland Shuping, and Wild Country, among others. In the late 1990s, Tommy began teaching fiddle, maintaining a steady stream of students until at least the early 2000s. He continued to perform as a fiddler, filling in for a variety of local bands and recording cuts on records for bands such as Big Country Bluegrass. This text documents Tommy's life, from his humble beginnings to his lengthy fiddle career. Contextualizing Tommy's work within the Statesville-Troutman bluegrass "scene," chapters also explore the local bluegrass culture of the time. Tommy's extensive repertoire is also listed, including his spectacular fiddle contest wins, band recordings, local jam field recordings, and songs recorded for students, all of which highlight his talent and expertise as a fiddler.

The Call is a call to life, a call to love in the unprecedented glory of the Son of God, a call to sacrifice, and to do all things for the sake of the gospel. The darkness will soon be over, and the day of our Lord will dawn. Now is the time for us to take a stand against the great darkness of our time for the sake of the Light who is greater and is surely coming, for it is written: "And it shall be in the last days," God says, "that I will pour forth of My Spirit upon all mankind; and your sons and your daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams; even upon My bondslaves, both men and women, I will in those days pour forth of My Spirit and they shall prophesy" (Acts 2:17-18) The "last days" are here. These are the days of dreams, visions, and prophecy for the young and old, the sons and the daughters, the days that the great saints of old longed to see and in which we are privileged to live. [Biological Invasions and Animal Behaviour](#) Sep 27 2019 How does behaviour affect biological invasions? Can it explain why some animals are such successful invaders? With contributions from experts in the field, and covering a broad range of animals, this book examines the role of behaviour in biological invasions from the point of view of both invaders and native species. The chapters cover theoretical aspects, particularly relevant behaviours and well-documented case studies, showing that behaviour is critical to the success, and ecological and socio-economic impact, of invasive species. Its insights suggest methods to prevent and mitigate those impacts, and offer unique opportunities to understand the adaptive role of behaviour. Offering a comprehensive overview of current understanding on the subject, the book is intended for biological invasion researchers and behavioural ecologists, as well as ecologists and evolutionary biologists interested in how organisms deal with anthropogenic environmental changes such as climate change and habitat loss.

[A Shining Thread of Hope](#) Apr 14 2021 At the greatest moments and in the cruellest times, black women have been a crucial part of America's history. Now, the inspiring history of black women in America is explored in vivid detail by two leaders in the fields of African American and women's history. A Shining Thread of Hope chronicles the lives of black women from indentured servitude in the early American colonies to the cruelty of antebellum plantations, from the reign of lynch law in the Jim Crow South to the triumphs of the Civil Rights era, and it illustrates how the story of black women in America is as much a tale of courage and hope as it is a history of struggle. On both an individual and a collective level, A Shining Thread of Hope reveals the strength and spirit of black women and brings their stories from the fringes of American history to a central position in our understanding of the forces and events that have shaped this country.
