and one woman may hold the secret to a lost legacy. At nineteen, Ada of Caria yearns to take the Snake Blood throne from her mad older siblings. She seeks the help of a young orphaned girl named Helen, the first True Oracle to have walked the earth in more than three hundred years. Helen may be able to channel the voice of the gods, but she hates her gift and will do anything to get rid of it—even lie to her best friend, Myrtale, the priestess-princess of Epirus who is destined to marry King Philip II of Macedon even though she loves another. And in the shadows lurks a handsome green-eyed stranger who has more at stake—and more to lose—than anyone could possibly imagine. Amid jealousy and heartbreak, torrid affairs and secret rendezvous, it is spoken by the gods that either Helen or Myrtale—newly named Olympias—will carry the destiny of the known world within her womb. **Bloodline of the Gods** Oct 24 2021 Are significant numbers of humanity the product of an ancient and advanced alien civilization? Have we, across the millennia, been periodically modified and refined as a species? In short, has our genetic make-up been manipulated by otherworldly beings that view human civilization as one big lab experiment? These are controversial and thought-provoking questions. They are also questions that demand answers, answers that may very well be found by examining those people whose blood type is Rh negative. The vast majority of humankind—85 to 90 percent—is Rh positive, which means a person's red blood cells contain an antigen directly connected to the Rhesus monkey. This antigen is known as the Rh factor. Each and every primate on the planet has this antigen, except for one: the remaining 10 to 15 percent of humans. If the theory of evolution is valid—that each and every one of us is descended from ancient primates—shouldn't we all be Rh positive? Yes, we should. But we're not. The Negatives are unlike the rest of us. They are different. They are the unique individuals whose bloodline may have nothing less than extraterrestrial origins.

**The Power of the Blood Covenant** Sep 22 2021 Starting with the first chapter titled *Something's Missing*, your readers will be launched into an explosive, yet motivating, revelation of a deeper truth: that all of Christianity centers around the power of the New Covenant. Meanwhile, Hephaestion, cast aside by Alexander for killing the wrong man, must conceal the devastating secret of a divine prophecy from Katerina even as the two of them are thrust together on a dangerous mission to Egypt. The warrior, Jacob, determined to forget his first love, vows to eradicate the ancient Blood Magics and believes that royal prisoner Cynane holds the key to Macedon's undoing. **Blood of the Gods Aug 02 2022** This early work by Robert E. Howard was originally published in 1935 and we are now republishing it with a brand new introductory biography. 'Blood of the Gods' is a story in the El Borak series where a group of soldiers search for some precious rubies. Robert Ervin Howard was born in Peaster, Texas in 1906. During his youth, his family moved between a variety of Texan boomtowns, and Howard - a bookish and somewhat introverted child - was steeped in the violent myths and legends of the Old South. At fifteen Howard began to read the pulp magazines of the day, and to write more seriously. The December 1922 issue of his high school newspaper featured two of his stories, 'Golden Hope Christmas' and 'West is West'. In 1924 he sold his first piece - a short caveman tale titled 'Spear and Fang' - for \$16 to the not-yet-famous Weird Tales magazine. Howard's most famous character, Conan the Cimmerian, was a barbarian-turned-King during the Hyborian Age, a mythical period of some 12,000 years ago. Conan featured in seventeen Weird Tales stories between 1933 and 1936 which is why Howard is now regarded as having spawned the 'sword and sorcery' genre. The Conan stories have since been adapted many times, most famously in the series of films starring Arnold Schwarzenegger.

In ancient monuments as far apart as Egypt's Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico's awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. Justifying this dance of the guillotine by the fight against the plot to wipe out the gains of the Revolution, in the midst of the revolutionary turmoil that traverses Paris, Gamelin is thirsty for justice, but also uses his power to satisfy his own vengeance and his hatred for those who do not think like him. He dies by that same instrument of justice that up until then has served to satisfy his own thirst for blood and terror. Gamelin's profession of painter also reflects on the book's theme. His best work is a depiction of Orestes and Electra, with Orestes resembling a self-portrait of the artist; Gamelin, like Orestes, is capable of killing his family. Élodie later comes to be identified with Electra - though, in her affair with Gamelin, where she loves him first for his mercy and then for his violence, and takes a less radical lover after he dies, she also represents France.

*The Blood of Gods* Nov 05 2022 This eBook edition features exclusive bonus content, Conn Iggulden's original short story "Fig Tree." One of history's most notorious assassinations sets the stage for a riveting tale of political intrigue, epic battle, and righteous retribution in a new novel of ancient Rome from #1 New York Times bestselling author Conn Iggulden. **THE BLOOD OF GODS** Julius Caesar has been cut down. His blood stains the hands of a cabal of bold conspirators, led by famed general Marcus Brutus—whom Caesar once called a friend. Have these self-proclaimed liberators bravely slain a power-mad tyrant or brutally murdered the beloved Father of Rome? Hailed as heroes by a complicit Senate and granted amnesty, the killers eagerly turn toward plotting the empire's future under their control. But Caesar's death does not rest easily with all of Rome. For two men whose bonds of friendship, family, and fidelity to the emperor are unbreakable, the shocking assassination is nothing less than treason. And those responsible must pay with their lives. Through countless battles and years of peace, Marc Antony has wielded a sword and raised a cup at Caesar's side. Now, in the wake of the cold-blooded coup, he is powerless against the political might of Brutus and his treacherous senators. Yet with no weapons other than eloquence and outrage, Antony will turn the tide of public opinion and spark a rebellion that will set the streets of Rome ablaze. At the same time, Gaius Octavian, adopted son and chosen heir of Caesar, has gained wealth and influence beyond imagining. But the soul-deep wound of his father's death will never be healed by gold or power. He will rest only with the blood of the killers on his blade. Drawn together by their common cause, Antony and Octavian marshal their forces into an avenging army on a mission to reunite all that Caesar's fall has torn asunder. Even as his cohorts flee for their lives—or fall prey to vigilantes—a defiant Brutus vows never to relinquish what his ruthless ambition has won him. As opposing legions join in mortal combat, the destiny of Rome will turn on which of their commanders is the mightiest and most cunning. Marking the author's triumphant return to the setting of his celebrated Emperor series, *The Blood of Gods* unfolds with unmatched power, electric with the high-adventure storytelling, captivating historical detail, and stirring battle scenes for which Conn Iggulden is renowned. Praise for Conn Iggulden's Empire series "Dramatic historical fiction to keep adults turning pages like enthralled kids . . . [Iggulden] is a grand storyteller. . . . A spirited, entertaining read."—USA Today "Exhilarating . . . Words like 'brilliant,' 'sumptuous' and 'enchanted' jostle to be used, but scarcely convey the way Iggulden brings the schoolbook tale to life, or the compelling depictions of battle, treachery and everyday detail in a precarious world well lost but vividly re-created."—Los Angeles Times "What Robert Graves did for Claudius, Conn Iggulden now does for the most famous Roman
